## Annual Report 2009

**The Kennebunkport Fire Department Color Guard.**

## ON THE COVER

The 2009 Memorial Day Parade was held on a beautiful, sunny day. Former President George H.W. Bush and his wife Barbara were on hand to give tribute to those who have lost their lives in service to the nation. The Parade and ceremony, organized by the American Legion Kennebunkport Memorial Post #159, attracts a huge crowd to Dock Square each year.

## TOWN OF KENNEBUNKPORT, MAINE GENERAL INFORMATION

“Located sixteen miles east-southeast of Alfred, twenty-five miles from Portland. Formerly known as Arundel. Visited during the summer as early as 1602 by fishermen. First permanent settlement made by Richard Vines in 1629. Brought under the control of Massachusetts and incorporated in 1653. Placed under the jurisdiction of Saco for a short time in 1688. Re-incorporated under the name of Arundel in 1717. Name changed February 19, 1821.”

## TOWN REPORT DEDICATION

### In Appreciation of

Charles Reid, Sr.

Charlie Reid has given his time, experience, passion and intellect in service to the Town for many years. Like so many of Charlie's generation, public service began at a young age serving in the United States Navy during World War II at the age of 18. Charlie has been an active veteran who has, over the years, shared his wit and wisdom concerning military service with the young people of today at Kennebunk/Kennebunkport High School classes.

Charlie accomplished much during his lifetime, finding success in business while simultaneously making time for public service. While living in New Jersey, he served as an elected official at three levels of government including Mayor, County Commissioner and State Legislator. He also served on federal commissions under Presidents' Nixon, Reagan and Bush.

For the last 16 years, Charlie has continually given his time and knowledge to Kennebunkport in the area of planning and land use, serving on the Planning Board for four years, including terms as chair and vice-chair. He has been a fixture since 1998 on the Growth Planning Committee and has offered continuity to the GPC during that time through the sometimes frustrating efforts to update the Town's comprehensive plan.

Thank you Charlie. The Town is grateful and appreciative for all you have given.

# TOWN OF KENNEBUNKPORT

## TOWN WARRANT ANNUAL TOWN MEETING June 8 and 12, 2010

State of Maine

County of York, SS

To: April Dufoe, a resident of the Town of Kennebunkport, in the County of York, State of Maine.

### **GREETINGS:**

You are hereby required in the name of the State of Maine to notify and warn the voters of the Town of Kennebunkport in said County of the Town Meeting described in this warrant.

To the voters of Kennebunkport: You are hereby notified that the Annual Town Meeting of this municipality will be held at the Village Fire Station, 32 North Street in said Town on Tuesday, the eighth day of June A.D. 2010, at 8:00 o'clock in the forenoon for the purpose of acting on Articles numbered one (1) and one a (1a) and Questions 1 through 7 as set out below. The polls for voting on Articles 1 and 1a and Questions 1 through 7 shall be opened immediately after election of the Moderator at 8:00 a.m. on June 8, 2010, and shall close at 8:00 p.m. While the polls are open, the Registrar of Voters will hold office hours to accept the registration of any person eligible to vote, to accept new enrollments, and to make any necessary corrections or changes to any names or addresses on the voting list. The continuation of said meeting will be held at the auditorium of the Consolidated School building in said Town on Saturday, the twelfth day of June A.D. 2010, at 9:00 o'clock in the forenoon for the purpose of acting on Articles numbered 2 through 52 as set out below.

**ARTICLE 1.** To choose a Moderator to preside at said meeting.

**ARTICLE 1a.** To elect under the provisions of Title 30-A, M.R.S.A. Section 2528, the following Town Officers: two Selectmen, Assessors, and Overseers of the Poor, each for a term of three years; one Director of R.S.U. #21, for a term of three years, and to vote on the following referendum Questions 1 through 7:

### **QUESTION 1 AMENDMENT TO THE LAND USE ORDINANCE CONCERNING MOBILE HOME PARKS**

Shall an ordinance entitled "2010 Amendment to the Kennebunkport Land Use Ordinance Concerning Mobile Home Parks" be enacted? (A true copy of which is on file in the Town Clerk's Office and is incorporated by reference.)

[Note of Explanation: This amendment would remove Mobile Home Parks as a Conditional Use in the Cape Arundel and Goose Rocks Zones.]

**QUESTION 2**  
**AMENDMENT TO THE LAND USE ORDINANCE CONCERNING**  
**THE DEFINITION OF ACCESSORY APARTMENTS**

Shall an ordinance entitled "2010 Amendment to the Kennebunkport Land Use Ordinance Concerning the Definition of Accessory Apartments" be enacted? (A true copy of which is on file in the Town Clerk's Office and is incorporated by reference.)

[Note of Explanation: This amendment clarifies the definition of an accessory apartment.]

**QUESTION 3**  
**AMENDMENT TO THE LAND USE ORDINANCE CONCERNING**  
**THE RECONSTRUCTION AND EXPANSION OF NON-CONFORMING STRUCTURES**

Shall an ordinance entitled "2010 Amendment to the Kennebunkport Land Use Ordinance Concerning the Reconstruction and Expansion of Non-conforming Structures" be enacted? (A true copy of which is on file in the Town Clerk's Office and is incorporated by reference.)

[Note of Explanation: This amendment clarifies that a non-conforming structure may be reconstructed with Planning Board Approval.]

**QUESTION 4**  
**AMENDMENT TO THE COMPREHENSIVE PLAN**

Shall an ordinance entitled "2010 Amendment to the Kennebunkport Comprehensive Plan regarding Land Use" be enacted? (A true copy of which is on file in the Town Clerk's Office and is incorporated by reference.)

[Note of Explanation: This amendment would add language identifying Growth Areas and contains proposals for a rate of growth ordinance based on patterns of development and current infrastructure. This text would be added to the section regarding Future Land Use. The map identifying these areas will be added to the Map Appendix]

**QUESTION 5**  
**AMENDMENT TO THE PROPERTY TAX ASSISTANCE ORDINANCE**

Shall an ordinance entitled "2010 Amendment to the Town of Kennebunkport Property Tax Assistance Ordinance" be enacted? (A true copy of which is on file in the Town Clerk's Office and is incorporated by reference.)

[Note of Explanation: The amendment will give the Town greater flexibility in the administration of this Ordinance which provides property tax assistance to resident homeowners and renters in the Town of Kennebunkport who are of low or modest income and whose property tax costs comprise a significant portion of their total income.]

**QUESTION 6**  
**MUNICIPAL QUIT CLAIM DEED FOR THE RETURN OF A SEWER EASEMENT**

Shall the Town vote to authorize the Board of Selectmen to execute a Quit Claim Deed for the return of a sewer easement to Rebecca MacDougall for land at 50 Pier Road, said easement dated August 10, 1983 and recorded in the York County Registry of Deeds in Book 3176, Page 91?

[Note of Explanation: The Sewer Department no longer owns or maintains equipment on this property making the easement no longer necessary.]

**QUESTION 7**  
**MUNICIPAL QUIT CLAIM DEED FOR THE RETURN OF A SEWER EASEMENT**

Shall the Town vote to authorize the Board of Selectmen to execute a Quit Claim Deed for the return of a sewer easement to Lauren Teel Handler for land at 167 Wildes District Road, said easement dated September 2, 1983 and recorded in the York County Registry of Deeds in Book 3176, Page 156?

[Note of Explanation: The Sewer Department no longer owns or maintains equipment on this property making the easement no longer necessary.]

**Article 2:** To see if the Town will vote to authorize the Town Treasurer, with the advice and approval of the Municipal Officers on behalf of the Town to sell and dispose of Real Estate acquired by the Town for nonpayment of taxes thereon, and to execute quitclaim deeds on such terms as they deem advisable, and to authorize the Treasurer to discharge unmatured liens on payment of taxes, interest and costs. All Real Estate to be sold by the Town for nonpayment of taxes to persons who were not the former owners thereof must be properly identified and advertised for sealed bids at least twice in any local newspaper, namely the Portland Press Herald, Biddeford Journal Tribune, or the York County Coast Star, the first advertisement to be not more than thirty days before the deadline for submitting bids and the last not less than fifteen days before said deadline. Former owners of Real Estate, as described above, shall be given first refusal to buy the property provided all back taxes, interest and lien costs have been paid. Notification of sale and request for sealed bids shall be publicly posted fifteen days prior to said deadline in three places within the Town, namely, the Town Office, the area known as the "Cape Square", and Goose Rocks Beach Fire Station. Opening of sealed bids shall be open to the public and held within fifteen days after the deadline for submitting bids. The date, time, and place of opening the bids must be included in the newspaper advertisements.

***Selectmen recommend adoption of this article – Voted 5-0.***

**Article 3:** To see if the Town will vote to authorize the Town Treasurer, with the advice and approval of the Municipal Officers on behalf of the Town, to waive the foreclosure of any tax lien mortgage by recording a waiver of foreclosure in the York County Registry of Deeds for any real estate title to which they deem not in the best financial interest of the Town to hold, said authorization to waive not to prevent the Town Treasurer, with the advice and approval of the Municipal Officers, from later foreclosing on said tax lien pursuant to law, as they deem advisable.

**Selectmen recommend adoption of this article – Voted 5-0.**

**Article 4:** To see if the Town will vote to make all real and personal property taxes due and payable upon presentment of bills and to charge seven percent (7.00%) per annum on the first half if unpaid after September 10, 2010 (or 45 days after the date of commitment if commitment is after July 22, 2010) and on the second half if unpaid after March 10, 2011.

**Selectmen recommend adoption of this article – Voted 5-0.**

**Article 5:** To see if the Town will vote to set the interest rate to be paid by the town on abated taxes at five percent (5.00%) for the fiscal year 2011.

**Selectmen recommend adoption of this article – Voted 5-0.**

**Article 6:** To see if the Town will vote to authorize the Selectmen to accept easement deeds on behalf of the Town granting the Town the right to plant and maintain certain trees on private property located within the Town.

**Selectmen recommend adoption of this article – Voted 5-0.**

**Article 7:** To see if the Town will vote to authorize the Tax Collector or Treasurer to accept prepayments of taxes not yet committed pursuant to 36 M.R.S.A. § 506.

**Selectmen recommend adoption of this article – Voted 5-0.**

**Article 8:** To see if the Town will vote to authorize the Selectmen to accept unconditional and conditional gifts of money or property on behalf of the Town, other than gifts of sewer extensions, subject to ratification by the Town at an annual or special town meeting held within one year of the Selectmen's acceptance, except that such ratification shall not be required for a donation of money to the Town to supplement a specific appropriation already made, to reduce the tax assessment, or to reduce the permanent debt.

**Selectmen recommend adoption of this article – Voted 5-0.**

**Article 9:** To see if the Town will vote to authorize a new street light located on South Main Street, such street light to be attached to Central Maine Power Company pole number J-25.

**Selectmen recommend adoption of this article – Voted 5-0.**

**Article 10:** To see if the Town will vote to authorize the transfer of unencumbered surplus fund balance on June 30, 2010, for the Administration capital expense account, such unencumbered surplus fund balance to be estimated at \$6,500, but not to exceed the actual unencumbered balance for said purposes existing as of June 30, 2010.

**Selectmen recommend adoption of this article – Voted 5-0.**

**Budget Board recommends adoption of this article – Voted 10-0.**

**Article 11:** To see if the Town will vote to authorize the transfer of unencumbered surplus fund balance on June 30, 2010, for the Local Circuit Breaker account, such unencumbered surplus fund balance to be estimated at \$55,000, but not to exceed the actual unencumbered balance for said purposes existing as of June 30, 2010.

***Selectmen recommend adoption of this article – Voted 5-0.***

***Budget Board recommends adoption of this article – Voted 10-0.***

**Article 12:** To see what sum the Town will vote to raise and appropriate for the Administration account.

**Amount requested: \$704,144**

**Selectmen recommend the amount requested – Voted 5-0.**

**Budget Board recommends the amount requested – Voted 10-0.**

## INTRODUCTION TO THE FISCAL YEAR 2011 BUDGET

The FY11 municipal budget presents challenges on the expenditure side of the budget, primarily related to three issues; a 14% jump in the York County assessment, restoration of funding for capital needs, and anticipated legal expenses related to the Goose Rocks Beach lawsuit. Non-property tax revenues are expected to increase modestly, which is a much better forecast than last year's sharp decline. In fact, the projection for revenue growth follows two successive years of revenue decline, perhaps signaling that the economic downturn has bottomed out with respect to the municipal budget.

There are three major components that contribute to each property owners tax bill; municipal, county, and school. The Town has control over the municipal portion. The County assessment is determined by the County Commissioners and County Budget Committee. The School assessment is developed by the RSU 21 Board of Directors and approved by voters of the three member towns. The Town's proposed assessment from RSU 21 of \$6,569,814 is about \$34,000 less than the current fiscal year.

The County's financial problems have this year been passed down to the towns and cities in York County. Kennebunkport absorbed the largest increase of all towns on a per-capita basis, over \$121,000 or 14.3%. Given the limited services that Kennebunkport receives from the County, the successive years of mismanagement at the County is particularly difficult to tolerate. It is incumbent on the current County Administrator and the elected County officials to establish sound financial management and planning so that the mistakes of the past are not repeated.

Overall, FY11 municipal expenditures increase 8.4%, an increase of \$491,266. Two categories; legal costs and capital outlay account for 85% of the increase. When these two categories are excluded, total expenditures increase just 1.5%.

The Town's employees will continue to do all we can to keep down the cost of services to our residents and property owners while providing the high quality of services they deserve.

### Analysis of Expenditures

#### Major Cost Categories

<u>Expense/Department</u>	<u>2010 Approved Budget</u>	<u>2011 Selectmen &amp; Budget Board</u>	<u>Increase (Decrease)</u>	<u>% Diff</u>
Personnel salaries	2,304,853	2,370,708	65,855	2.86%
Staff retirement and health	776,351	859,385	83,034	10.70%
Staff development & education	79,315	80,015	700	0.88%
Utilities	250,144	248,394	(1,750)	-0.70%

Legal	85,000	335,000	250,000	294.12%
Waste disposal	417,148	432,350	15,202	3.64%
Contracted services	177,275	200,735	23,460	13.23%
Insurance	137,633	120,626	(17,007)	-12.36%
Vehicle Fuel	76,775	76,775	0	0.00%
Road maintenance supplies	91,500	90,500	(1,000)	-1.09%
Supplies	111,178	118,520	7,342	6.60%

Debt service	444,244	431,346	(12,898)	-2.90%
Outside Agencies	255,641	247,766	(7,875)	-3.08%
Other expenses	238,817	161,309	(77,508)	-32.45%
Social Services	18,194	18,946	752	4.13%
Capital Outlay	298,300	458,544	160,244	53.72%
<b>Totals</b>	<b>5,849,418</b>	<b>6,340,684</b>	<b>491,266</b>	<b>8.40%</b>

**Personnel:** Wages and salaries represent 40% of the operating budget. Last year the Town's employees did not receive a wage adjustment due to the difficult economy and the significant reduction in non-property tax revenues. This year the collective bargaining agreement provides for a 3% wage increase. Additionally, employees with 25 years of service (three employees) receive \$.35 per hour beginning this year, the second year of the contract. Employees with 20 years of service earn an additional \$.10 per hour (eight employees). Overall, wages and salaries are increased 2.86%, \$65,855.

The retirement of Lorraine Brooks in the assessor's office opened up the opportunity for a reorganization of responsibilities. Werner Gilliam will take on the assessing functions in addition to his planning duties. Previously Werner had split his time between planning and code enforcement. Given the decline in development due to the economy, the half-time position in code enforcement has been eliminated, at least until such time as building activity increases to the level of a few years ago. As a result of this change, there are now 2.5 fewer positions in the Town's operating budget than there was in FY09, including a police patrolman and a half-time youth services coordinator. If those positions were still funded, the budget would have been \$160,000 more than is proposed this year, including retirement and benefits. This represents a significant savings this year and in the years ahead.

**Staff Retirement and Health:** Overall costs in this category are up \$83,034, or 10.7%. As has been the case for several years, the cost of health insurance is projected to increase 8%. The total cost to the Town for health insurance is \$478,000. This year, two other costs have increased significantly. The first, retirement health savings, was not funded in FY10 due to a change in IRS rules. The settlement of the union contract resulted in the reinstatement of the program for FY11 at a cost of \$24,500. Although this benefit represents an upfront cost to the Town, there is an offsetting give back by employees to the Town in the amount of \$36,800 in accumulated sick leave benefits, reducing the Town's future liability by that amount.

The second additional cost increase of significance is the Town's share of Maine State Retirement (MSRS) contributions, which increased \$23,424, or 25%. It is noteworthy that there is no net increase in the FY11 tax commitment because of a corresponding revenue credit from MSRS to the Town. For many years, the Town has benefited from a positive credit balance with MSRS. This credit balance has remained stable because the annual cost to the Town for retirement contributions has been offset by investment growth in the MSRS account. The Town will need to monitor the sustainability of this credit balance in light of the recent decision by MSRS to increase municipal contributions to the retirement system. If the Town's credit balance fund is depleted significantly, the Town would need to budget for at least a portion of the annual cost of retirement contributions.

**Legal:** There is an extraordinary increase of \$250,000 in legal costs associated with anticipated expenses related to the Goose Rocks Beach litigation.

**Other Expenses:** Down 32%. No funding is recommended for the Local Circuit Breaker budget, which represents a reduction of \$80,000. This past year was the first year in this program. The experience has been that there was less demand than funds appropriated. As a result, it is recommended that the funds remaining in the account be carried over to FY11. It is anticipated that the fund balance will be sufficient to fully meet the need.

**Capital Outlay:** Capital costs are up 53.7%, (\$160,244). The proposed capital budget represents 7.2% of total expenditures. This is a modest amount as a percentage of total. By way of comparison, capital expenses represented 14.5% of total in FY08 and 9% of total in FY09. Last year, the capital budget was reduced to 5% of total in order to achieve the goal of no increase in tax commitment. Last year's level is not adequate to the needs of the Town over time, and the proposed increase is reflective of that. The capital budget is further discussed below.

### **Administration**

- o Equipment: The broadcasting capability at Town Hall requires upgrades to improve on the quality of transmissions and recordings of meetings. The allocation of \$12,000 will allow for the updating of existing recording equipment.
- o Computers: The computer system server at Town Hall is at capacity and has malfunctioned on numerous occasions. The allocation of \$6,000 will replace the server and update the Town's information systems.
- o Building improvements: The building improvements allocation of \$20,000 consists of \$6,000 to enclose the records and filing storage area in the Town Hall garage and \$14,000 to replace the entry walkway to Town Hall. The walkway is barely adequate for handicapped accessibility, impedes snow removal, and has deteriorating brick steps and landing.

## **Communications**

- Equipment: The Town's telephone system is disjointed from department to department and building to building. There are multiple service providers and various combinations of telephone equipment. This \$10,000 allocation will allow for all departments to be served under a single provider and system. It will also allow communications dispatch to provide evening and weekend coverage for all Town buildings which will improve significantly the level of service to residents.

## **Fire**

- Equipment: \$10,000 is allocated to an equipment reserve account for the purpose of acquiring an SCBA fill station. This will allow for the department to fill on-site the air bottles that are required for each firefighter who will enter a structure. It is suggested that an equal amount be appropriated in each of the next three years. At that time, the department will have a smaller supply of air bottles (due to obsolescence of existing bottles) and on-site capability will be a priority.
- Equipment: All communities will need to convert radio communications to narrow band capability over the next two years in order to comply with a mandatory shift in service by State and Federal emergency management authorities. Twenty thousand dollars is allocated to purchase 12 portable radios for the police department.

## **Highway**

- Equipment: \$17,000 is allocated to replace the Town's fuel pump management system. The existing system no longer has replacement parts available and service cannot, therefore, be assured.
- Equipment: \$11,200 is requested for a vibratory plate compactor. The department must rent this unit at a cost of \$3,500 each season. This equipment is required for the additional work on road shoulders for bicycle and pedestrian access.
- Highway equipment reserve: \$100,000 is requested in highway equipment reserve. Over the next several years, the department will need to replace aging vehicles, including a 16-year-old loader with over 8,000 operating hours and two 10-year-old plow units. The Town should appropriate funds to the equipment reserve fund in each of the next several budget years. Creating the reserve fund now will allow the department to retain the loader this year, and perhaps next year, while providing the availability of funds should it need to be replaced due to major maintenance needs.

## **Road Improvements**

- No funds are requested this year because funding remains available from the proceeds of the 2009 road improvements bond.

## **Sidewalk Construction**

- Thirty-two thousand six hundred ten dollars is requested to replace the sidewalk on Ocean Avenue between Chestnut and Green Street. This is a very heavily used section of sidewalk that is narrow and deteriorated. It is both an eyesore and a potential hazard.

## **Recreation**

- Park improvements: \$25,000 is requested for the stabilization of the embankment on the Kennebunk River at Silas Perkins Park on Ocean Avenue. The park is the only property along the river that has not had steps taken to secure the embankment and prevent erosion. As a result, the land area is diminishing over time. The park is under-utilized and the park perimeter along Ocean Avenue needs to be re-designed so that it invites people within. Currently, most people are unaware that this is a public space. Silas Perkins Park is directly opposite Green Street. This funding amount may not be sufficient depending on DEP requirements. In that case, it would be carried over to the next budget year, pending additional appropriation.

## **Piers/Rivers and Harbors**

- Reserve: Over the past several years, the Town has appropriated \$13,500 to the Piers reserve fund. Currently, there is \$70,000 in that fund. This budget request is for \$50,000 in anticipation of future maintenance needs at both Cape Porpoise Pier and Government Wharf. Preliminary design, engineering and environmental permitting have already been completed for major rehabilitation of Government Wharf at a cost in excess of \$300,000. The Town plans on applying for state funding through MDOT when the opportunity arises, which could be in either 2010 or 2011. Matching funds will be needed to be considered for this state grant.

## **FY11 Non-Property Tax Revenues Analysis**

Non-property tax revenues in FY11 are projected to remain relatively flat in comparison to FY10. The one major exception is in auto excise taxes, which is projected to increase 14.5% over the FY10 budget. Overall, the projected increase in revenues is 4%. While this is modest growth, it is a much more palatable forecast than was experienced last year, when overall revenues declined almost 17%. Last year's revenue budget anticipated a steep decline in state revenue support, more so

than the State had projected. For this reason, there is no major reduction for FY11 in Kennebunkport, even though many neighboring towns are experiencing steep declines.

### **State Growth Limit**

State law establishes a limit on the growth in municipal tax commitment from year to year. The growth limit can only be exceeded if authorized by voters at Town Meeting. This year, the growth limit on the Town's municipal budget expenditures is \$102,792, or 2.56% of the FY10 base. The proposed FY11 tax commitment will exceed the growth limit by \$307,603. For this reason, Article 52 asks voters to authorize exceeding the limit in FY11. It should be noted that the increase in the municipal portion of the anticipated tax rate is just 1.4%, which is well below the expenditure growth limit.

Larry S. Mead, Town Manager

**CAPITAL IMPROVEMENTS PROPOSED EXPENDITURES: FISCAL YEAR 2011**

**Administration—Equipment** \$12,000

---

IT upgrades @ North Street

**Administration—Computers** \$6,000

---

Server for Town Office

**Administration—Historic Preservation** \$5,000

---

Ongoing preservation of records.

**Administration—Building Improvements** \$20,000

---

Improvements to the walkway and entrance at Town Hall	\$14,000
Enclose the records storage area in Town Hall Garage	\$ 6,000

**Police—Equipment** \$5,500

---

Mini PIX dual receiver, microwave receiver/recorder update recorder for our surveillance	
Equipment	\$3,800
Firearms equipment update	\$1,700

**Police—Vehicles** \$24,500

---

Cruiser:	
Vehicle	\$24,000
Mark cruiser	\$ 750
Changeover expense (radios)	\$ 3,000
Service manual	\$ 250
Additional costs	\$ 500
Subtotal	\$28,500
Trade-in: (1) 2008 Ford Crown Victoria	<u>( 4,000)</u>
Net cost for cruiser	\$24,500

**Communications—Equipment** \$30,000

---

Town-wide, multiple line phone system to service all departments and buildings	\$10,000
12 Motorola portable radios for officers @ 1,667 each	\$20,000

**Communications—Building Improvements** \$5,000

---

600 sq ft of rubber flooring for basement	\$2,000
Completion of renovation of basement to three room addition	

lighting, electrical outlets, computer work station	\$3,000
<b>Fire Department—Equipment</b>	<b>\$17,550</b>
<hr/>	
Honda generators 2 @ 1,400	\$ 2,800
Scott SCBA fill station (to combine w/9,000 from FY 2010)	\$10,000
Replacement hand lights & vehicle charges 38 @ 125	\$ 4,750
<b>Fire Department—Firefighter PPE</b>	<b>\$16,550</b>
<hr/>	
To purchase required Personal Protective Equipment (turnout gear) for firefighters, including coat, pants, boots, gloves, helmet, Nomex hood & carry bag. The amount requested is for an ongoing replacement program for existing firefighters and PPE for new members, plus additional PPE items as listed:	
6 complete sets PPE (6 @ 1,850)	\$11,100
10 Class 2 escape harnesses/ladder belts (10 @ 350)	\$ 3,500
6 eyeglass inserts & personal issue SCBA facemasks	\$ 1,950
<b>Fire Department—Radio Replacement</b>	<b>\$15,000</b>
<hr/>	
The Fire Department communications is based on a radio system that includes mobile (vehicle) two-way radios, portable (hand-held) two-way radios and tone-activated pagers. The amount requested is for an ongoing replacement program to provide a sufficient number of reliable radios of each type and to reduce excessive repair costs. This request restores the funding level of the prior few years and will allow replacement of the remaining fire pagers that need to be upgraded prior to the FCC mandated switch to “narrowband” operation on January 1, 2013.	
<b>Fire Department—Hose Reserve</b>	<b>\$5,000</b>
<hr/>	
To purchase fire service hose for replacement and upgrade of existing hose supply.	
<b>Fire Department—Apparatus Reserve</b>	<b>\$40,000</b>
<hr/>	
To place in reserve funds to be used for the future purchase of fire apparatus. The increasing cost of fire apparatus will require that the Town not rely exclusively on the Kittredge and/or Seavey funds for apparatus replacement.	
<b>Highway Department—Equipment</b>	<b>\$28,200</b>
<hr/>	
Replacement of fuel pump control system	\$17,000
New reversible vibratory plate compactor	\$11,200
<b>Highway Department—Building Improvements</b>	<b>\$7,329</b>
<hr/>	
Replacement of faulty door panels, worn tracks & rollers and door adjustment	

**Highway Department—Vehicle Reserve** \$100,000

---

Allocation to the reserve fund for vehicles and heavy equipment

**Sidewalk Construction** \$45,915

---

Head of Cove Cape—Length 350 feet			
Curb	\$ 4,200		
Hot Top	\$ 3,450		
Gravel	<u>\$ 840</u>	\$ 8,490	
Ocean Avenue and Union Street—Length 60 feet			
Curb	\$ 2,400		
Hot Top	\$ 1,500		
Gravel	\$ 315		
Bushes	<u>\$ 600</u>	\$ 4,815	
Ocean Avenue running from Chestnut St. to Greene St.—Length 900 feet			
Curb	\$11,060		
Hot Top	\$ 9,000		
Drain Basin & Pipe	\$ 9,000		
Gravel	\$ 1,050		
Miscellaneous	<u>\$ 2,500</u>	\$32,610	

**Recreation Department—Silas Perkins Park** \$25,000

---

To start a fund to stabilize the embankment on the Kennebunk River and to make landscaping improvements to the park.

**Piers Rivers and Harbors** \$50,000

---

Future capital repairs: \$13,500—Anticipated boat excise tax collections to be reserved for future capital improvements to the Cape Porpoise and Government Piers and additional amounts from taxation.

## BOARD OF SELECTMEN REPORT

I am sure that most town residents felt a bit of relief in bidding goodbye to 2009. The economic downturn made for an unsettling year for almost all of us in one way or another. We can all join together in hoping that the economy is on the rebound in this new year, bringing more jobs and increased economic activity.

This past year, the Town implemented a town-wide revaluation of property, the first since 1998. Revaluation is never an easy process because of the uncertainty that it involves for individual property owners. The long interval since the last revaluation made the task even more difficult and unsettling. New tax bills were issued in September. The outcome was close to what had been expected in that the changes in taxes fell into three categories that were dispersed relatively equally, those whose tax bills decreased, increased, or stayed about the same. Property owners at or close to the waterfront typically saw increases while older residences away from the water declined. The Board of Selectmen and Budget Board made a concerted effort to hold down costs in town government in order to minimize as much as possible any increase to individual taxpayers. In fact, the Town collected less in taxes in this year's budget than were collected the prior year.

A new town program provided some tax relief to qualifying residents. Two thousand nine was the first year for the Town's local "circuit breaker," providing additional local tax relief to residents who qualify for the State's property tax relief program. The program is open to residents of moderate income who have lived in town for at least 10 years and who pay property taxes that exceed a certain percentage of income, as established annually by the State's program.

Several major road paving projects were completed in 2009, including the entire lengths of Arundel Road, Stone Road and Beechwood Avenue. These three projects represent just over a million dollars of investment for the Town. Travel is dramatically improved, especially during the spring "frost bump" season as a result of improved drainage and base preparation. While there is still more to be done, the condition of the Town's roads has improved considerably over the past few years thanks to voter approval for maintenance investment. Looking ahead, the Town will urge the State to tackle work on Route 9, particularly School Street, Main Street in Cape Porpoise, and Mills Road. These roads are the responsibility of MDOT and are in dire need of rehabilitation.

Town voters approved changes to the Land Use Ordinance that make it easier for residents to put accessory apartments in existing homes. These so called "in-law" apartments will give town residents an opportunity to earn additional income from their property or add space that can accommodate a parent or a grandparent who is downsizing but wishes to remain in Kennebunkport after retirement.

I want to recognize the hard work of my colleagues on the Board of Selectmen. We may not always agree on every issue facing the Town, but we all share a love of Kennebunkport. We want to do all we can to preserve the rich traditions of our community while at the same time supporting efforts to make it an even better place to live, work and raise a family. Many thanks as well to the residents who volunteer their time

on our many boards and committees. Your dedication and hard work are invaluable. You not only do great work for the Town, you do so while also saving taxpayers tens of thousands of dollars. Lastly, I would like to thank our Town Manager and town employees for their excellent service to our residents and to Kennebunkport. I appreciate the help that so many of you have given me throughout my year as Chair of the Board of Selectmen.

Allan A. Daggett, Chair–Board of Selectmen

Dear Friends,

Thank you for the opportunity to serve as your state senator. It is an honor and privilege to represent our community, despite the economic challenges.

This has been a tough year. The people of Maine watched a global economic recession spread across the country and into our state – down to every city, town, and school district – straight into most every household and business. Although our economic challenges vary, we are all feeling the same financial pain.

There are still challenges before us, but I remain optimistic about the many opportunities facing our state as we work our way towards an economic recovery. Over the course of two years, the legislature has reduced and cut spending in state government. All the while, we have made a conscientious effort to protect our most vulnerable citizens and invest in our future. The people of Maine are known for weathering through tough times and I am confident we will make it through this economic storm.

I always welcome your opinion and feedback as the legislature does its work. Feel free to contact me anytime by email at [nancysullivan4@gmail.com](mailto:nancysullivan4@gmail.com). I can also be reached by phone locally at (207) 282-5594 or the State House at (207) 287-1515.

As your state senator, it is my pledge to keep you informed about what is happening in the legislature. Please go to [www.mainesenate.org/sullivan](http://www.mainesenate.org/sullivan) to sign up for legislative email updates.

Thank you for the faith you have shown me and for giving me the opportunity to represent you in the Maine Senate.

Sincerely,

A handwritten signature in black ink that reads "Nancy Sullivan".

Nancy Sullivan  
State Senator

## REPORT TO THE CITIZENS OF KENNEBUNKPORT

Dear Friends and Neighbors:

Kennebunkport is a special community. Serving as your representative in the Maine Legislature, I have had the opportunity to visit many towns and cities in our state, and when I do, I inevitably compare the people and neighborhoods of the Port to wherever I visit. Having lived in the Port, shopped in the Port, eaten in the Port, and recreated in the Port, I believe that our small little corner of Maine is the best place to live and raise a family. No other community compares in terms of the natural beauty of landscape and the character of its people.

The State of Maine is facing challenging times. In the past year, the state has lost \$1.1 billion in revenue, and that has forced significant cuts to some programs and services. What can we do to preserve our quality of life while weathering this economic downturn? What can we do to maintain our sense of community? What can we do to protect those who cannot care for themselves? Government will not be the definitive answer to those questions. We will have to look to each other to find other remedies for the many problems that we will face. We will need to help our neighbors by buying local, volunteering for the public good, and being active politically to ensure measures for the benefit of us all. In essence, we will have to be good neighbors and good Samaritans.

As your representative, I have worked to serve your interests. I have not been able to provide miracles for all of the problems that we, as a state and a community, have faced, but I have always done my very best to listen to your concerns and attempt to resolve the issues with which I have been entrusted. Clearly, we are going to have to change for the better the ways that we live, work, and play, while maintaining our wonderful community; but I believe that we can do this, if we support each other.

As an optimist, I believe in the people of Kennebunkport. I believe in the fishermen, the lobstermen, the merchants, the contractors, the artists, and those who cater to our seasonal tourists. Most importantly, I trust in the men and women who continue to work hard in order to protect the future of our children.

As always, I sincerely value the many friendships that I have formed over the last four years. Thank you for placing your trust in me. I hope to continue to serve you honestly and skillfully and to always advocate upon your behalf.

Sincerely,

A handwritten signature in black ink that reads "Alan Casavant".

COMMITTEES:  
HOMELAND SECURITY AND  
GOVERNMENTAL AFFAIRS,  
RANKING MEMBER  
ARMED SERVICES  
SPECIAL COMMITTEE  
ON AGING

January 20, 2010

Dear Citizens of Maine:

In 2009, I began my third term in the United States Senate. I remain deeply honored by the trust the people of Maine have placed in me, and I appreciate this opportunity to report on some highlights of my recent work in the U.S. Senate.

A significant accomplishment came in December when the President signed transportation legislation that includes a provision I authored to create a one-year pilot project to allow trucks weighing up to 100,000 pounds to use federal highways in Maine. This is moving heavy trucks off Maine's secondary roads and out of our downtowns and onto our modern, multi-lane, controlled access highways for one year, during which time a study of the impact on safety, commerce and road wear-and-tear would be conducted. In addition, this change helps to level the economic playing field, as neighboring states already have this exemption.

My appointment in early 2009 to the powerful Appropriations Committee has allowed me to have greater influence on the funding of priorities that are important to Mainers, such as shipbuilding, health care, education, and transportation, while also giving me the ability to continue pressing for the elimination of wasteful spending that exacerbates our federal deficit.

As a member of the Senate Armed Services Committee, I continue to be an advocate for Bath Iron Works, the Portsmouth Naval Shipyard, the Maine Military Authority in Limestone, and the many other defense contractors and institutions in Maine that contribute so much to our national security. In August, I traveled to Iraq and Afghanistan and had the opportunity to meet with many service men and women from Maine. My conversations with them were the most important aspect of my trip to the region. Our troops are brave, dedicated, compassionate, and highly skilled. I will continue to work hard to ensure that they have the support their difficult missions require.

Perhaps the greatest challenge facing our nation continues to be the struggling economy, and among my highest priorities are getting our people back to work and our economy back on track. That is why in early 2009 I joined a bipartisan effort to pass the American Recovery and Reinvestment Act. The bill contains robust infrastructure spending, significant funding for state aid and education, and tax relief for low- and middle-income families and for small businesses. As a result of this bill, Maine is receiving approximately \$133 million for highway investments, more than \$50 million combined for the Clean Water and Drinking Water State Revolving Funds, and \$70.5 million for weatherization and energy efficiency projects.

Energy policy remains another great challenge: America's reliance on foreign oil harms our economy, our security, and our environment. Meeting the challenge of developing energy alternatives will provide great opportunities for Maine to build an economy for the future, with new industries and thousands of good jobs. This endeavor received a significant boost last October when the U.S. Department of Energy announced an \$8 million grant for deepwater offshore wind research at the University of Maine, and Congress also approved \$5 million I sponsored for the Maine Offshore Wind Initiative at UMaine. This January, the U.S. Department of Commerce announced a \$12.4 million laboratory construction grant for the University of Maine. I strongly advocated for these projects because, with some of the strongest winds in the nation off our coast and some of the best engineers in the field, Maine has great potential as an ideal location for offshore wind projects and can take the lead in the development of clean, renewable, and affordable energy for America. Estimates are that development of five gigawatts of offshore wind in Maine – enough to power more than 1 million homes for a year – could attract \$20

billion of investment to our state and create more than 15,000 green energy jobs that would be sustained over 30 years.

Of course, this past year brought not just successes. A disappointment was the failure of Congress to produce bipartisan health care reform legislation that would contain soaring costs and provide more choices for struggling families and small businesses. I am deeply concerned about the nearly \$500 billion in Medicare cuts included in the bill.

It is fiscally irresponsible to raid Medicare – a program which already has long-term financing problems – to pay for a new entitlement program, particularly at a time when the number of Medicare beneficiaries is on the rise. The bill would saddle Maine’s hospitals with some \$800 million in Medicare cuts over the next ten years, and could push one in five hospitals, nursing homes, and home health providers into the red. Ultimately, such cuts could jeopardize access to care for millions of our nation’s seniors.

As the Ranking Member of the Senate Homeland Security Committee, I am committed to ensuring that our nation is as safe as possible and that government is better prepared to respond to disasters. The Christmas Day terrorist attempt to detonate explosives on an aircraft reminds us of the dangers we continue to confront. My homeland security priorities include further strengthening our defenses against terrorism and providing our first responders with the resources they need.

On March 19, 2009, I reached a personal milestone when I cast my 4,000th consecutive roll call vote, continuing a record of participating in every single roll call vote since I first came to the Senate in 1997. I am grateful for the opportunity to serve Maine in the United States Senate. If ever I can be of assistance to you, please contact my Bangor office at 207-945-0417, or visit my website at <http://collins.senate.gov>. May 2010 be a good year for your family, your community, and our state.

Sincerely,

Susan M. Collins

TRANSPORTATION

OCEANS, ATMOSPHERE, FISHERIES AND  
COAST GUARD SUBCOMMITTEE

FINANCE

INTELLIGENCE

RANKING MEMBER, SMALL BUSINESS

Dear Friends:

As we begin this New Year, I want to thank you for the opportunity to offer warm greetings to the people of Kennebunkport. We continue to face many historic challenges together as a nation, as a state, and as individual towns and cities. At this time when we consider where we have been, and look ahead to the year to come, I appreciate this opportunity to share with you my thoughts on some of my goals and priorities for 2010.

Unquestionably, our economy remains the foremost challenge facing us today. We are confronted by an economic crisis that has already lasted for more than two years. Indeed, the national unemployment rate has doubled to 10 percent since the onset of the recession in December 2007, while 7.2 million Americans have lost their jobs. Furthermore, Maine's unemployment rate has risen to 8 percent from 6.2 percent a year ago, while 56,200 of our fellow citizens are jobless. There is still much to be done, with some Maine counties still experiencing a rate over 10 percent.

Congress must embrace bipartisan initiatives that will provide effective solutions to address the critical issue of job creation, and promptly direct essential resources to those people and businesses facing unprecedented challenges and an uncertain future. I strongly support the extension of unemployment and nutrition assistance, in addition to pro-growth policies such as those to promote job-creating small business investment. At the same time, given the federal deficit for FY2009 was a staggering \$1.4 trillion, we must do more to pair the resources targeted to job creation with reductions in other areas. We have an obligation to ensure that each and every dollar we spend either creates jobs at a greater rate or protects displaced individuals at a lower cost than competing policies on the table. Moreover, to the degree that either tax or spending proposals Congress or the Administration seek to enact are more beneficial than proceeding to obligate funds still available in the American Recovery and Reinvestment Act, we should assess the possibility of redirecting those resources.

Here in Maine, I am working to help expand high-speed broadband access in northern, western, and Down East Maine, which could serve as a boon to businesses across the state. The plan, known as the "Three Ring Binder" project, which I supported, would build a 1,100-mile network stretching from the Saint John Valley to the coast and across to western Maine. The network would pass through 100 communities and serve 600 institutions, including the University of Maine, thanks to \$25.4 million in federal aid. This funding will foster entrepreneurial innovation, education, and job growth throughout the state.

As Ranking Member of the Senate Committee on Small Business and Entrepreneurship, I am working to swiftly enact legislation to increase small business loan limits to as high as \$5.5 million and extend through 2010 the fee eliminations and increased guarantee on those loans, measures that will otherwise expire under the Recovery Act. By extending the authorization to temporarily provide higher loan guarantees and eliminate fees for borrowers, I am continuing my effort to build upon what has worked well in the American Recovery and Reinvestment Act. Given the timely necessity of getting 15.3 million unemployed Americans back to work, it is critical that we expeditiously pass this bipartisan bill to help our nation's small businesses spur a sustained and job-filled recovery.

PRINTED ON RECYCLED PAPER

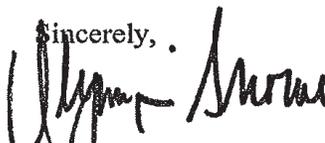

This past year, the Senate also considered one of the most difficult issues of our time, healthcare reform. I could not agree more that reform of our healthcare system is an imperative. The reality that the status quo is unacceptable is what originally brought six of us together on the Senate Finance Committee last summer in the only bipartisan effort in any committee of the House or Senate in the so-called Group of Six, convened by the Chairman of the Committee. I was therefore troubled that when the Finance bill I ultimately supported in the Committee was melded with the measure reported by the Senate Health, Education, Labor, and Pensions (HELP) Committee, it was without the more inclusive, collaborative process I had participated in up to that point and instead it was conducted without transparency.

I also regrettably could not support the bill in the Senate given continued policy concerns I had with the size and scope of the legislation, its potentially negative impact on small businesses and job growth and the reality that we did not have answers to some of the most fundamental questions that people ask at their kitchen tables. These are the critical questions relevant to peoples' daily lives, such as, what will this mean for me? How much will my health insurance plan cost? How much will my deductible or my co-pay be? How much am I going to have to pay out of pocket? That is why I wrote to the Congressional Budget Office on December 3, 2009, requesting a complete analysis of these and other key issues as I felt it was imperative that we had those answers before proceeding to a vote. Unfortunately, I still did not have those responses when the legislation was rushed through the Senate on an arbitrary deadline that short-changed the process on a measure that affects one-sixth of our economy. Nevertheless, as the process continues into 2010 with the necessity of reconciling the House and Senate versions of the bill, I will continue to play a constructive role wherever and whenever possible, and to offer concrete means of improving the bill for small businesses and all Americans.

Looking ahead, we will continue to grapple with such urgent matters as strengthening our nation's homeland security. As a member of the Senate Select Committee on Intelligence, I will conduct a thorough and exhaustive investigation of the attempted Christmas Day 2009 terrorist attack to gather all the relevant facts and make recommendations to fix the egregious intelligence breakdowns highlighted by that potential tragedy. And, of course, we remember today – and every day – the extraordinary contributions and courage of our brave men and women in uniform in Iraq, Afghanistan, and around the world who are the faces of the world's finest defense force.

Again, you may be assured I will continue to work tirelessly on behalf of the people of Maine and America and – in so doing – I deeply appreciate the input of all those who share their insights, concerns, and opinions with me. I encourage you to visit my Senate website at [www.snowe.senate.gov](http://www.snowe.senate.gov) for additional details on my efforts, to obtain helpful government information, and to share any concerns or legislative input you may have. You may also visit with members of my staff at my Regional Office located at 227 Main Street in Biddeford, or by calling 207-282-4144 or toll free in Maine at 1-800-432-1599.

Sincerely,

OLYMPIA J. SNOWE  
United States Senator

COMMITTEE ON RULES

CONGRESS OF THE UNITED STATES  
HOUSE OF REPRESENTATIVES

Dear Friends,

It has been an honor serving you in my first year in Congress and working with you to rise to the many challenges of the last year. Though we have been able to make progress in many areas, there is much to be done in the year ahead.

My focus in Washington and in Maine continues to be creating and preserving jobs, and helping our state recover from the worst economic downturn since the Great Depression. Passing the Recovery Act early in 2009 helped prevent a bad economic situation from getting even worse and has helped us lay the groundwork for long-term, sustainable economic growth.

The Recovery Act is investing in Maine's technology and transportation infrastructure, providing job training to thousands of workers, helping us become a clean energy leader and boosting the real estate market. And according to economists, as of the beginning of this year it has created or saved 10,000 jobs in Maine.

In York County, the Recovery Act has supported an expansion at the airport in Sanford, Community Block Grants for Biddeford, gate improvements at the Portsmouth Naval Shipyard, education investments at Sanford Regional Technical Center, and many other projects helping to strengthen the area's economy. My office also held a workshop in Sanford to meet with local businesses and organizations to look for opportunities to support the great work they're doing for the region.

Despite these successes, we need to do more to get the state back on its feet. Too many Maine families are struggling to make ends meet, too many Mainers are out of work, and too many communities don't have the resources they need.

In Maine, continuing to fight for small businesses will be crucial to creating jobs. Small businesses drive our economy, but the downturn has hit them hard. We have to help them access the capital they need to survive and grow, make sure they have a workforce well-trained for our changing economy, and offer the resources that help good ideas become good businesses.

And work this year will also carry on to give Maine families what they need to prosper: a clean environment, a good education, and access to quality, affordable health care.

I was elected to Congress to serve the people of the First District. If there is ever anything I can do to help you or your community, please feel free to call my office at 774-5019 or visit my website at [www.pingree.house.gov](http://www.pingree.house.gov).

Looking forward to seeing you in Maine soon.

A handwritten signature in black ink, appearing to read 'Chellie Pingree'.

Chellie Pingree  
Member of Congress

## TOWN MANAGER REPORT

*Town Manager Larry Mead*

I would like to thank the Town staff, the many residents who volunteer on Town boards and committees, Chairman Allen Daggett, and each of the Board of Selectmen for all of your hard work during the past year. Kennebunkport is a fantastic place to live and your good work helps keep it that way.

Each year the development, presentation and management of the Town budget takes up a significant portion of my time as Town Manager. This is as it should be since my job is to keep the Town's financial position healthy, ensure the provision of necessary services to residents, and keep the tax burden as low as possible for property taxpayers. This was a particularly difficult challenge in 2009. The economic downturn slowed business activity, which in turn reduced non-property tax revenues by over 15 percent. At the same time, the Town was implementing the first revaluation in 12 years which, even in the best of economic times, makes taxpayers nervous as they wait and wonder how their valuation will change. As a result of these two conditions, I brought forward a budget that reduced spending overall and collected less property taxes than the prior year. As our residents tightened their belts, the Town did as well. In order to accomplish this, the Town's staff agreed to freeze wages for the year, the number of funded positions was reduced, and capital expenditures were reduced by almost 50 percent.

While all other budget categories were reduced last year, there were two emergency service areas that realized budget increases, the fire department and KEMS (emergency medical services). On the fire side, costs have increased in municipalities across the state as communities have sought to maintain volunteer departments. Many have been forced to shift to paid, professional departments, at great cost. In 2009, the Town budgeted for additional funds to provide for the cost of training our call-force members and to properly equip them. During the past year, the fire department has seen

a welcome increase in new volunteers, including many younger men and women. We are grateful for this trend and will continue to give emphasis to supporting, retaining, and recruiting call-force members to the fire department.

Over the past year, a committee consisting of Town officials, KEMS board members, and a resident representative met twice a month throughout the summer and into the fall. The purpose was to have the Town and KEMS work more closely together in order to keep costs to a minimum while still providing quality service to those in need. The committee unanimously recommended that KEMS' operations be incorporated into the Town's management structure in order to provide administrative support, increase efforts at recruitment and retention of volunteers, and provide management assistance. The Town and KEMS will continue to work on implementing these recommendations during 2010.

Voters approved the purchase by the Town of 5 acres of land adjacent to Consolidated School and just beyond Parson's Field. The cost of the property was \$295,000. The land is desirable because of its convenient location to the village center, its proximity to the school and to the sewage treatment plant should either of those facilities need to expand at some point.

The code enforcement and planning offices were kept very busy during the year due to proposed changes to the existing floodplain maps. The Federal Emergency Management Agency (FEMA) released maps of the proposed changes, affecting hundreds of Town parcels and increasing the number of properties within the floodplain by 50 percent. Properties in the floodplain are usually required to be covered by flood insurance at considerable cost. In addition, they are subject to restrictions on expansions and/or renovations. The new designations would make many properties in Goose Rocks, Cape Porpoise and Turbat's Creek nonconforming. The Town joined with Kennebunk to hire a hydrologist to review FEMA's findings and methodology and asked our congressional delegation to seek a delay in implementation because of the complexity involved in examining FEMA's proposal. The pressure from Kennebunkport and other coastal communities resulted in FEMA delaying implementation for one year. Once FEMA formally announces its intention to adopt the changes, the Town and individual property owners will have the opportunity to challenge FEMA findings that are found to be errant or unfounded. In any case, the final floodplain designations will have a far-reaching effect on Town properties.

The most significant development of the past year was the lawsuit filed against the Town by 25 Goose Rocks Beach waterfront owners asserting their right to restrict public access to most of the 2 mile-long beach from Sand Point to the Batson River. The lawsuit is brought not only against the Town but also against ANY resident of the Goose Rocks neighborhood or any other part of Kennebunkport who "claim the right to use" the beach area from the seawall to the water in front of the 25 plaintiff's residences. The effect of the lawsuit would be to deny use of the beach to anyone who does not have deeded ownership or rights recorded at the Registry of Deeds. Clearly, that covers just about every resident of Kennebunkport. The lawsuit would, if successful, restrict public rights to a mere 7 percent of the entire length of the beach,

that area owned by the Town and the Kennebunkport Conservation Trust. The 25 litigants are asking the court to give them the right to choose who may and who may not use the beach from the seawalls in front of their homes all the way down to the low water mark. They would turn 100 years of history on its head by reversing the tradition of shared, unrestricted use of the beach by neighbors, visitors and residents alike. It is a shocking development that has pitted neighbor against neighbor. The leaders of the lawsuit claim that the Town is trying to turn Goose Rocks Beach into a “wider tourist attraction than it currently is.” Nothing could be further from the truth. Goose Rocks has been a peaceful, family oriented, publicly accessible beach for generations. It is the kind of place that gets in one’s blood and that you want to come back to year after year. For many people living at Goose Rocks, they began as visitors and came to stay. For well over 100 years, Goose Rocks Beach has been used to harvest seaweed and kelp, for fishing and clamming, and for swimming, sunbathing, sailing, walking, running, windsurfing, kayaking, canoeing, kite flying, sandcastle building and other recreational activities. The Town’s intention has always been, and still remains, to maintain the status quo and to ensure that Goose Rocks Beach can be used by members of the community and the public just as it has been for generations.

If this lawsuit is about something more than the 25 litigants being able to control who may sit on the sand in front of their residence, than it need not go forward. The Town stands willing to address each and every legitimate concern any of the plaintiffs have in order keep Goose Rocks Beach a quiet, family-friendly and welcoming place to live or visit.

Larry S. Mead, Town Manager

## **ASSESSING DEPARTMENT REPORT**

The 2010 mill rate is \$6.34 per thousand. The taxes were committed to the tax collector on August 27, 2009, with due dates of October 9, 2009, for the first half and March 10, 2010, for the second half.

The 2010 assessed valuation of the Town was \$1,823,539,280. Based on the \$6.34 mill rate, the sum of \$11,561,239.00 was committed to the tax collector. The 2010 assessment ratio is 91 percent of market value based on the sales that took place prior to April 1, 2009.

All records in the assessors office are open to the public and available for review from 8:00 a.m. to 4:30 p.m., Monday through Friday. If you have any questions regarding assessed values, please call (207) 967-4243 extension 102.

The assessing department has one half-time employee, Lorraine Brooks. She is assisted by Donna Moore Hays, a certified Maine assessor.

We would like to also mention that veterans of wartime service and un-remarried widows of veterans are eligible for a partial tax exemption if certain criteria are met. There is also a Homestead Exemption for residents who meet certain residency requirements. Please call or stop by the town office where these forms and applications are available. Both have to be filed on or before April 1 of the year in which they are to take effect.

The revaluation was completed for the April 1, 2010, tax year.

In closing, we would like to thank the Town Manager, the office staff, the residents of the Town, and the Board of Assessors/Selectmen for their cooperation and support during the past year.

Donna Moore Hays, CMA, Assessors' Agent  
Lorraine E. Brooks, Assessor's Assistant

## **CODE ENFORCEMENT REPORT**

Although the economy appeared to be a bit slower this year, things remained busy in our office. The staff continually works to bring compliance through actions before the Zoning Board of Appeals, the Planning Board or the court system. Daily code enforcement officer (CEO) operations include examining building plans; issuing growth, building and plumbing permits; and performing job site inspections.

Code enforcement worked in conjunction with the fire department in carrying out the annual victualer's and/or liquor license inspections at 59 B&Bs, inns, hotels, restaurants and shops in town as we strive to support other municipal departments as needed and fully engage in working on special projects delegated by the Town Manager. To that end, the code enforcement secretary assisted with the abatement process that

*Brian Shaw, Lisa Harmon, and Werner Gilliam*

came from the town-wide revaluation, by working with the assessing department and assisting with the Board of Assessment Review, as well as the residents going through the process. The CEO staff continues to assist the Planning Board and Zoning Board of Appeals members in their processes, as well as those applicants. In addition to the day-to-day undertakings of the code office, this year we had a large number of dangerous buildings and junkyards, which ultimately were brought before the Board of Selectmen, and all were dealt with.

FEMA drafted and issued proposed floodplain maps, and a large number of residents came in to view their properties in relation to the proposed maps. Most left with a printout of their property showing any applicable floodplains and with a better understanding of whether or not their property may be affected.

In 2009, we issued six nonsubdivision and four subdivision growth permits for new residential dwelling units. The zone with the greatest number of new dwelling units built was Farm and Forest with six, followed by Free Enterprise with two, and one each for Village Residential and Village Residential East. Renovation and building addition permits totaled 207, with the total number of permits issued for the year at 343.

Many new changes will be coming our way in the new year, and as always, we look forward to continuing to assist Kennebunkport residents with code enforcement, zoning and planning related issues.

#### **PROJECT COSTS/VALUE ANALYSIS FOR PREVIOUS YEARS**

<u>Year (Jan to Dec)</u>	<u>Project Cost/ Value</u>
2002	\$33,674,630.50

## KENNEBUNKPORT EMERGENCY MANAGEMENT AGENCY REPORT

*The west end of Kings Highway at Goose Rocks Beach is flooded during a recent storm.*

The Kennebunkport Emergency Management Agency (EMA) maintains the Town's Comprehensive Emergency Plan and works with local, county, state, and federal officials to prepare for possible disaster situations. In an actual emergency, we will establish an Emergency Operations Center and coordinate our community's response to the situation.

Jim Burrows serves as emergency management director, a volunteer position he has held since 1974. He is assisted by Dick Stedman, who has served as deputy director since 2003. Public Health Officer and Town Nurse Judy Barrett serves as the Town's shelter officer.

The response of the Town's public safety community to the December 2008 ice storm received very positive comments from our residents. However, a preliminary review following the event suggested that there was considerable room to improve our response and the management of the personnel involved. It was apparent that areas of command and communications needed to be enhanced. As a result of the ice storm issues, Town Manager Larry Mead has led an effort to review our disaster response plans and incorporate lessons learned during the situation into an updated Emergency Plan. During 2009, planning sessions were conducted twice a month involving Kennebunkport's public safety officials. This activity culminated in a tabletop exercise held in October involving a hurricane scenario.

In the emergency management community, it is often stated that the planning process is more important than the plan. This philosophy results from the opportunity for key officials to work together and understand each other's priorities *before* they meet during a real emergency situation. By this criterion, our planning process can only be considered to have been extremely successful. Also, special acknowledgment needs to be made to Nicole Evangelista, the highway and sewer departments' administrative assistant, for her diligent and efficient work transcribing and editing the plan throughout our series of meetings.

Any disaster situation carries with it inevitable paperwork. The 2008 ice storm was no exception, and the Kennebunkport emergency management staff spent several weeks processing the Town's disaster claim totaling \$112,752. This claim is reimbursement

from both the state and federal governments for costs associated with the storm, including emergency response labor costs, replacement of damaged equipment and debris removal.

As in prior years, we remind all property owners in Kennebunkport to be certain that you have displayed the street number for your property in a prominent location and clearly visible from the road so that police, fire and KEMS personnel can find you without delay in an emergency. This number is becoming of increasing importance in an era when many people no longer maintain a land-line telephone; and instead, rely on a cell phone for all communications. Calling 9-1-1 from a cell phone provides only a general location and not a specific, verified street address. Emergency personnel will need to find you based on signage and your knowledge of your location. If you maintain rental property, numbers displayed on the house may be the only way your tenants will know their actual location.

Jim Burrows, EMA Director  
Dick Stedman, Deputy EMA Director

## **KENNEBUNKPORT FIRE DEPARTMENT REPORT**

*Kennebunkport firefighters conduct a training burn of an old shed on Beachwood Avenue.*

The Kennebunkport fire department consists of 82 volunteer members responding from the Town's four stations: Cape Porpoise, Goose Rocks Beach, Port Village, and Wildes District. We presently operate 13 pieces of fire apparatus, plus 2 small boats and a jet-ski for water rescue.

Kennebunkport's firefighters are men and women of all walks of life who are committed to the safety of our town. We are a volunteer "call force" and are paid only for response

to calls and some training time. We respond to fire calls, motor vehicle accidents, water rescue situations, hazardous materials incidents, missing person searches, and many other types of emergencies. We routinely provide mutual aid to the fire departments of Arundel, Biddeford, Kennebunk, and Wells. We train regularly in many areas of our operations. Approximately 45 of us are trained at the Firefighter 1 or 2 level. Many of us have training in HAZMAT and Weapons of Mass Destruction Operations, automobile extrication, water rescue, technical rescue, and other specialized areas.

In 2009, we responded to 177 emergency calls. Most were resolved quickly. However, we did experience two serious structure fires. During an intense July storm, a residence on Kings Highway at Goose Rocks Beach sustained a lightning strike which ruptured and ignited a propane line in the basement. Fire crews made entry through heavy smoke conditions, were able to locate the source of the fire and resolved the issue before extensive damage was sustained. In December, we responded to an early morning fire in a residence on Whitten Hills Road. A chimney fire had apparently spread to the surrounding walls. The fire was extinguished, and serious damage was confined to one room of the home.

Our most serious calls in 2009 were in response to mutual aid requests from neighboring communities, including two structure fires in Arundel on the same day in April. In September, several Kennebunkport firefighters assisted in the dramatic and successful rescue of a man who became trapped for several hours under a massive boulder in Kennebunk.

Our most important asset continues to be our volunteer members. In 2009, we were fortunate to have 12 new members join our ranks! Two of them are now attending the York County York County Firefighter 1 & 2 Academy, and the others are participating in our own new member training program. The academy is a rigorous 220 hour program. Among the 2009 graduates of this program were five Kennebunkport firefighters: Adam Andrews, Christophe Colinet, Jenne James, Brian Strack, and Drew Welch. Jenne was named as the top firefighter in the class! Congratulations to all!

If you are interested in learning more about what we do and possibly becoming a member, please call the fire department business office at 967-2114 or ask any Kennebunkport firefighter. Your inquiry may lead to the most rewarding thing you have ever done!

Dick Stedman, Fire Administrator

**CAPE PORPOISE PIER HARBORMASTER REPORT**

*Cape Porpoise harbor*

At this time, those currently using the pier at Cape Porpoise harbor are: 45 fishing boats, 32 recreational boats, 3 lobster dealers and 1 water user. I am very happy to report that there were no serious injuries in Cape Porpoise again this year.

Pier Dues did not increase in fiscal year 2009:

Dealers	\$715.00
Lobster Boats	\$605.00
Water Users	\$330.00
Recreation	\$310.00
Punt Fisherman	\$310.00

This fiscal year, we purchased another chain hoist, a ½ ton CM Lode Star Hoist. We have four hoists in all; two are now new, and we are planning to purchase two more over the next couple of years. These hoists cost between \$2700 to \$2900 each.

We also purchased an Ariens Snowblower to replace the old Toro we had. Although we haven't had snow since, it is a great improvement over the Toro. This was purchased at a cost of \$999.99.

The pier did receive a small grant to start a waterfront mooring plan, and we have been mapping out all the existing moorings with GPS.

We are also working on a waterfront ordinance to better manage your mooring fields from overcrowding, disputes, and to assure all moorings are safe for the protection of your personal property. The amount of moorings in your area may surprise you.

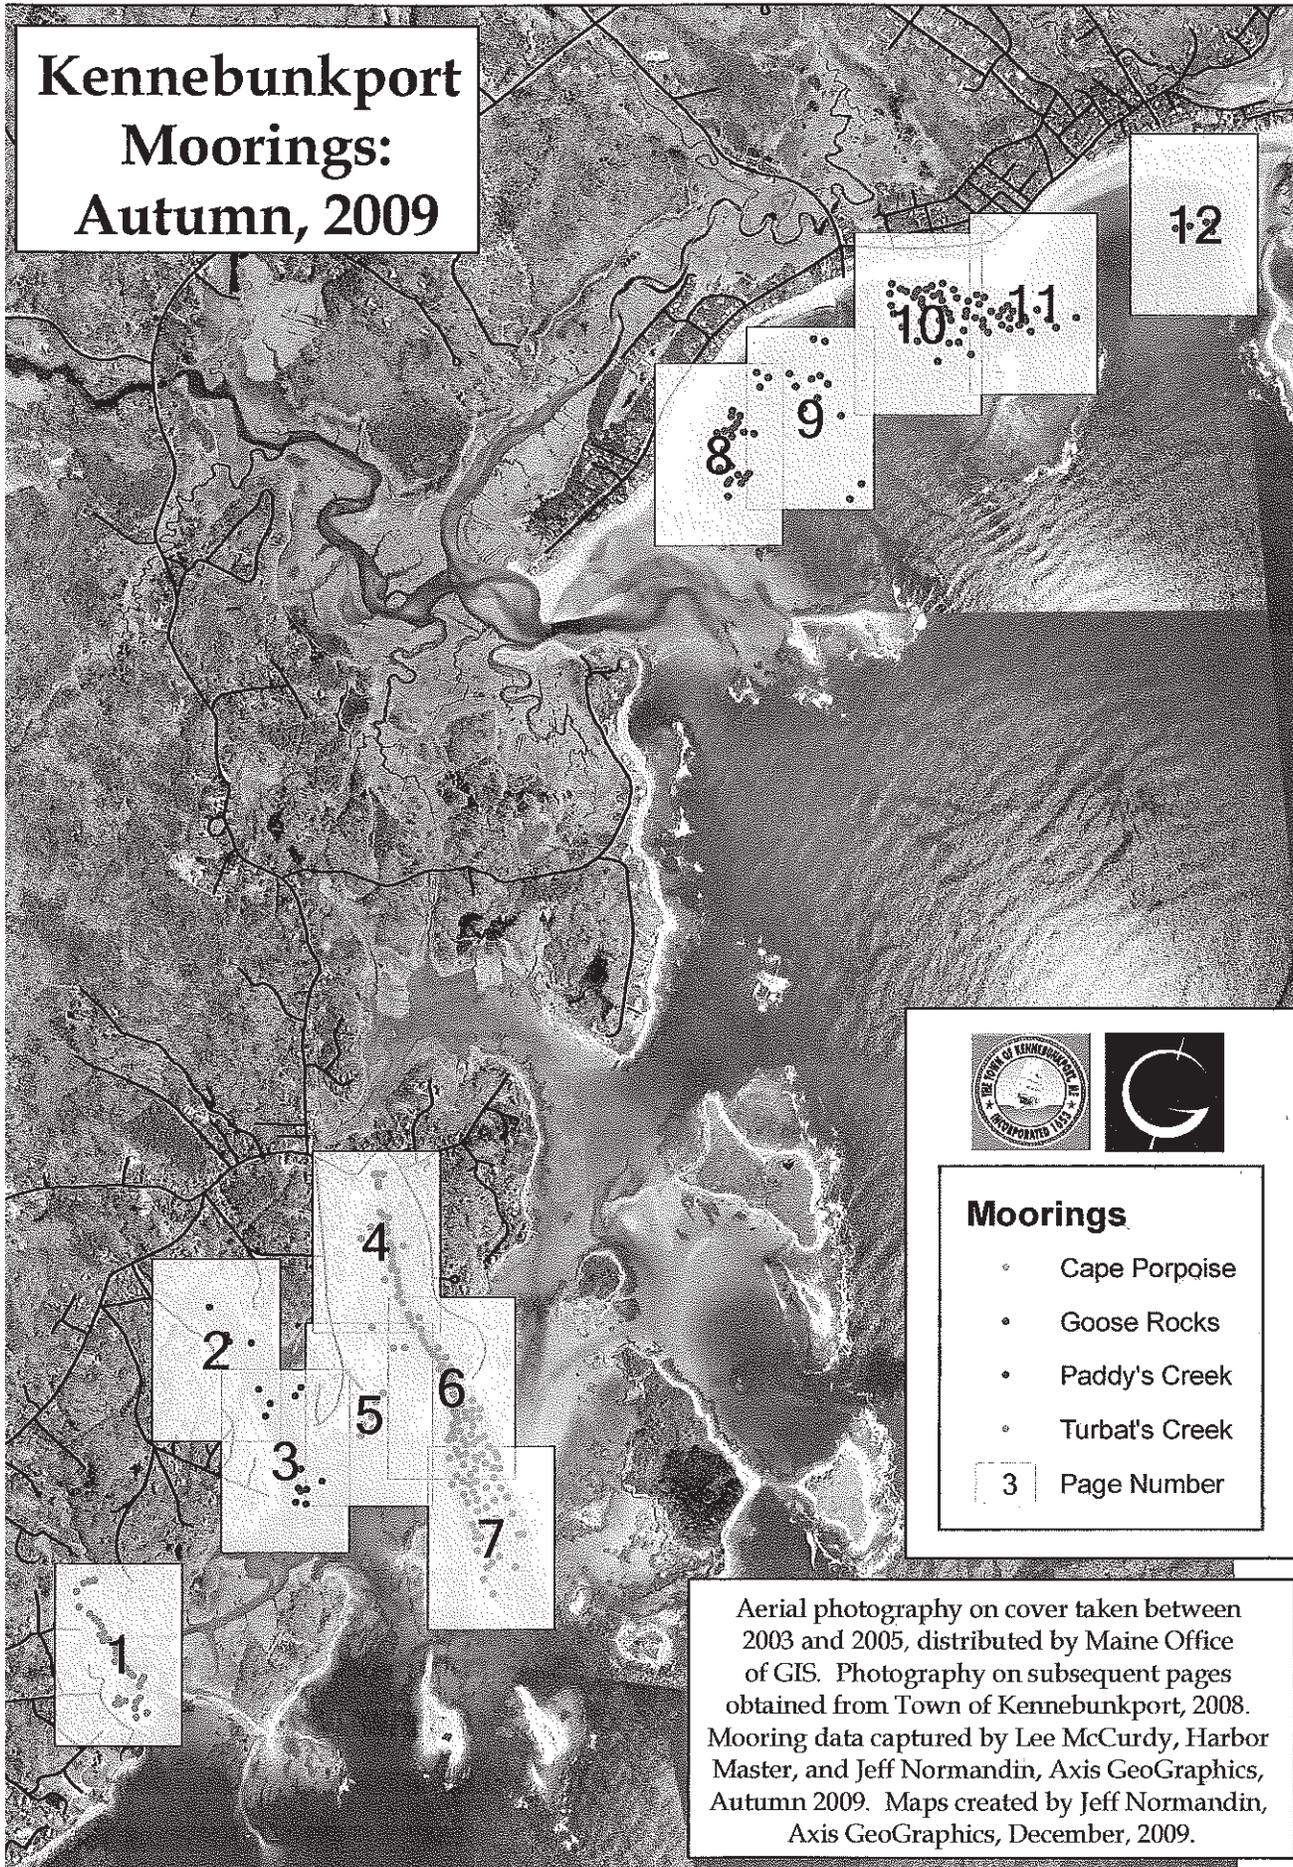

Goose Rocks beach: 125 moorings  
Cape Porpoise: 120+  
Turbats Creek: 32  
Pattys Creek: 16

These numbers are growing every year, and unless we begin to manage our waterfront properly and fairly, this growth will continue to become an increasing problem. This plan will be up for discussion in the near future at your town meeting, and I will be looking forward to your input and support.

We would like to thank all of the folks from the Conservation Trust for their help and support of our annual, spring, island and beach clean up. We had lots of help and the BBQ was a nice end to a hard day. See you next spring?

Lee F. McCurdy, Harbormaster

# Kennebunkport Moorings: Autumn, 2009

## Moorings

- Cape Porpoise
- Goose Rocks
- Paddy's Creek
- Turbat's Creek

3 Page Number

Aerial photography on cover taken between 2003 and 2005, distributed by Maine Office of GIS. Photography on subsequent pages obtained from Town of Kennebunkport, 2008. Mooring data captured by Lee McCurdy, Harbor Master, and Jeff Normandin, Axis GeoGraphics, Autumn 2009. Maps created by Jeff Normandin, Axis GeoGraphics, December, 2009.

## **KENNEBUNK RIVER HARBORMASTER REPORT**

During the summer of 2009, the pump out station on the Kennebunk River became a reality. I am pleased to report use of the pump out station was popular and accident free. The Kennebunk River Committee is exploring application to the Maine Department of Environmental Protection Agency for funding a permanent more stable platform on which to locate the pump out station. A new platform would enable me to utilize the work barge used this past year as a temporary location for the pump out facility, and return it to its intended purpose of mooring work. The Kennebunk River Committee (KRC) and all of the boaters that used the pump out station are thanked for their efforts toward a clean and environmentally safe harbor.

Per my request, the KRC is currently reviewing the Harbor Ordinance to correct perceived gray areas within the ordinance that might need clarification. The Towns of York and Scarborough have two of the most efficient Harbor Ordinance Regulations in our area. I have asked for and received copies of their ordinances to assist us in deciding what we might do to strengthen our ordinance. If any users of the Kennebunk River or citizens of our three communities have suggestions for this project, I encourage you to contact your local River Committee member so that your thoughts may be considered.

Since becoming harbormaster, one of my goals has been to see the ocean end of the Kennebunk River designated as a commercial fishing fleet zone. This zone would establish an area in our harbor that would give the fishing fleet priority in areas such as mooring locations and use of parking spaces, and the facilities at the government fishing wharf. These suggestions are being reviewed by town counsel and are not without some legal issues. I believe these issues are not insurmountable and are worthy of a determined approach. There is much pressure brought to bear on our harbor on an increasing annual scale. Expansion projects along the Kennebunk River will eventually curtail the uses which we have taken for granted for many years. I hope for the best.

I thank the members of the KRC for their continued support. Your local representative commits a great deal of time and effort addressing increasingly more comprehensive issues. I also thank the staffs of town offices in Arundel, Kennebunkport and Kennebunk; your willingness to assist me in my endeavors is invaluable. Many thanks for years of support.

James M. Nadeau, Harbormaster

## **HIGHWAY DEPARTMENT REPORT**

The highway department was extremely busy with snow removal during the months of January through March.

During the spring season, the highway department crew rebuilt, added new culverts, and paved Arundel Road, Stone Road and Beachwood Avenue. They also rebuilt and paved Paddy Creek Road and Paddy Creek Hill Road.

The highway department crew added new granite curbing down the hill on Greene Street and overlaid the street. Curbing was also added on Maine Street for five parking spots.

Highway also started prepping Dyke Road for the upcoming shoulder work. This work will be complete in the spring of 2010.

A section of the shoulder work from Laurel Road to Bailey Court, on School Street was completed. The shoulder work will be ongoing through 2010.

I would like to thank the highway department crew and the mechanic for the long hours and their great work they have done this year.

John Hirst, Highway Superintendent

### **TOWN MECHANIC REPORT**

It has been five years since the new salt storage building was erected. When the contractor finished the building, we were told to wait three to five years to stain the remaining pressure treated wood surfaces. Leftover monies from construction were saved for this purpose. In the spring, the final staining will be accomplished.

Late last fall, I was informed that the fuel facility computer was obsolete and repair parts were becoming scarce. The old system was very simple but required a lot of time to track each department's fuel usage. In this budget, I requested funding for a new system which is more complex but user-friendly. This system comes with software compatible with our office computer. Fuel tracking and many different reports are easier to obtain.

The highway maintenance building is 25 years old this year. At the Town Manager's request, a mechanical and structural engineer from Woodard & Curran inspected the building. The primary areas of interest are heating and ventilation. Reports of their findings and recommendations are still pending as this is written.

Also, in need of repairs are the overhead doors. Bent panels, worn rollers, and worn door tracks need to be addressed and funding was requested.

Increases in the budget line item for equipment repair parts are due to increasing equipment age and higher priced items that need replacing.

Our single highest priority for capital equipment replacement remains the highway loader. The old one is a 1994 John Deere 544G with over 8,500 hours.

The maintenance budget is being stretched again, but the equipment is in mission ready condition and good general condition.

Russell Welch, Town Mechanic

## **PARKING LOT/DOCK SQUARE REPORT**

Another lucrative summer, thanks to all of the tourists. Even though people are counting their pennies, our town is still a big attraction. We fared very well grossing \$302,620.00 in revenues, an increase of \$10,639.00 from last year. Kudos go to our staff, police, and highway departments.

Rusty (Anne) Zeddis, Parking Lot Manager

## **PARKS & RECREATION DEPARTMENT REPORT**

Here I am looking at another year in the rearview mirror.

Please forgive me if I sound like a broken record year after year, but the parks and recreation department has had another great year. I am so fortunate to do what I love and love what I do. I am surrounded by wonderful, hard-working people at all levels, whether paid or volunteer. To all of you, please accept my heartfelt thanks.

Our regular programming included Kennebunkport After-School Adventure; Early Release Wednesday trips; vacation activities; summer day camp; and programs such as swimming, archery, mini-golf, and tennis lessons; senior trips; Outdoor Adventure for middle school students; youth sport programs in basketball and soccer for pre-school through 6<sup>th</sup> grade; and Parents' Night Out. Special events included the Mother/Daughter Tea; Mother/Son bowling; Sweetheart (Father/Daughter) dance; Arundel Barn Playhouse performance of *Godspell*; a revived Halloween Festival; and themed Saturday Night Lights ice skating parties.

In addition to our regular programming, we were able to co-sponsor or support the Maine Brain Injury walk; MS Society walk; Be Well Kennebunkport walk; Kennebunk High School ski team; several Kennebunkport Consolidated PTA activities such as Prelude craft fair; TREK Across Maine; Big Brothers/Big Sisters; jrNBA/WNBA camp; and the Maine Recreation and Parks Association HotShot. Our facilities were used by the: Middle School of the Kennebunks for lacrosse; Kennebunk Kennebunkport Little League for baseball/softball; Girl Scouts and Brownies; Health Council for Stuff the Bus; and fire department as a smoke house during Fire Prevention Week. Perhaps our best collaboration was a series of Women's Self-Defense classes with the police department and Team Irish.

Capital projects for the year included a new backstop at Parsons Field (thanks to the donation of *Memorial Day Parade in Kennebunkport* prints by Will Cunha) and covering the ditch at Parsons Field. The rest of the perimeter will be finished in the spring.

Not everything was a success or without issue. The rain that filled the early part of summer presented many challenges. We also had to cancel a few special events due to poor enrollment, which we believe to be a result of the economic downturn. Like most people and groups, we had to prioritize how to spend the funds entrusted to our department.

Looking to the future, we hope to work with the Kennebunkport Conservation Trust on a comprehensive trail network, stabilize the banking at Silas Perkins Park, host a multi-sport camp with the United States Sports Institute, and complete additional work at The Park at Crow Hill to include regrading the parking lot, a sign, and storage space.

Parks and recreation services benefit everyone—directly or indirectly. Let’s make the connection between past experiences and today’s successes, today’s activity and tomorrow’s physical and emotional wellness, and today’s taxpayer support and safe communities for our children. So, whether you are an avid participant or a casual observer, enjoy the many benefits of parks and recreation.

Carol G. Cook, Director of Parks & Recreation

## **PLANNING DEPARTMENT REPORT**

Two thousand nine was a year with many changes. The Growth Planning Committee is continuing its work on the Comprehensive Plan that consists of an approved portion of the Land Use and Hazard Mitigation Chapter. We continue to have a good working relationship with Spatial Alternatives who provides useful data that will help to guide future planning. Other significant planning projects include:

### **Goat Island**

The Town approved its first Contract Zone for the restoration of Goat Island which involves reconstructing a number of historic buildings that have been removed over the years.

### **FEMA**

FEMA released their preliminary floodplain maps which have shown a dramatic effect on coastal properties. Kennebunkport and Kennebunk have jointly hired Sebago Technics to review FEMA’s data to ensure that these maps are as accurate as possible.

### **Moorings**

Kennebunkport received a \$5,000 grant from the State Planning Office through the Maine Coastal program which is being used to fund an inventory and analysis of off-shore moorings.

While building permit and site plan reviews have continued to be slow, many other tasks take place behind the scenes, such as continued work on developing the Town’s digital database of maps and property information, inventorying our collection of property surveys, and responding to numerous questions and concerns dealing with subdivision and land use development.

Werner Gilliam, Planner/Assistance Code Enforcement Officer

## POLICE DEPARTMENT REPORT

In 2009, the police department settled into the first year of being without a sitting President since 1999. With the exception of President George H.W. Bush's birthday celebration which included parachuting onto the grounds of St. Anne's Church and the following day watching family members parachuting onto Parson's Field, all was quiet on the political detail front.

Congratulations go out to Officer Jason Hafner who completed the 18 week mandatory training at the Maine Crimi-

*Officer Hafner at graduation.*

nal Justice Academy. The timing could not have been better, as he was out in time for the summer months.

The communications building received a make over this past year with new floors along with an ergonomically positioned dispatch console. We are extremely proud of the results, and we keep the building in tip top shape.

This was the first year under the Public Service Answering Points (PSAPs) or 9-1-1 answering assistance from York Police. The transition from Biddeford was seamless and there has been a significant cost savings. We must keep a watchful eye on the State of Maine Public Utilities Commission and others who want to cut the number of PSAPs which will cost us more tax dollars and force us into a system that has had many failures including dropped calls when the citizens on the other end need emergency assistance immediately. You have never had a drop in the level of service, and we must fight to keep it that way.

The Town of Kennebunkport is under an FCC mandate to convert our two-way radio operations to "narrowband" channel usage by January 1, 2013. This process involves relicensing, replacing or reprogramming all of our radios. It would be prudent for the Town to make the changes over the next three fiscal budgets to minimize the monetary impact on a given fiscal year. Last year, the police department was awarded a federal grant that paid for all the cruiser radios, and we continue to apply for grants for the upcoming mandated expenses. The next step is to purchase portable radios for the police and replace some of the portable radios and base station radios for the fire, highway and sewer departments. Lastly, we must update our radio licenses and replace the base stations at the communications center.

I would like to thank the town office staff, and the department heads and their crews for the continued support during 2009. We work well as a team and special thanks to Larry Mead for keeping us on track and moving in the same direction.

Thanks to the ladies of the Seacoast Garden Club for their diligent work in our gardens. Our pride in our building extends to the beauty and maintenance of our landscape. Ladies, once again you made us extremely proud.

We say, “Grazie mille” to the Cape Porpoise Mafia for the regularly scheduled treats.

“Many thanks” from all of us here at the police and communications departments for the continued support and acknowledgements from you our citizens that we proudly serve and protect.

Lastly, to our staff of officers and dispatchers, thank you for your dedication to the safety of our citizens and keeping up with the changes in laws and training to make you better at your jobs.

Should you have any questions or concerns I am available by calling the police station or by e-mail at [jbruni@kennebunkportme.gov](mailto:jbruni@kennebunkportme.gov).

Be sure to check out our website at [kennebunkportpolice.org](http://kennebunkportpolice.org).

Joseph Bruni Jr., Chief of Police

## **PUBLIC HEALTH AND NURSING SERVICE REPORT**

The Kennebunkport Public Health and Nursing Service is located at 101 Main Street, sharing the site with the Kennebunkport police/communications departments. A nurse is in the office Monday–Friday, from 8:00–9:30 a.m. and from 1:00–2:00 p.m.

Messages may be left on the nurses' answering machine by calling the office at 967-4401. The on-call nurse checks the machine for messages on weekends and holidays. Any messages left after 4:00 p.m. will be returned the following morning.

Residents are encouraged to visit the nurses during office hours for blood pressure readings, blood sugar evaluations, dressing changes, as well as for treatment and consultation. The office provides a variety of free resources and materials regarding disease prevention, health promotion/education, and community events.

The Public Health Department continues to actively promote programs that focus on improving the health and welfare of our community members. Our service provides skilled nursing care in residents' homes as well as at the public health office. Interim Health Care assists our staff by providing Medicare covered services such as occupational therapy, physical therapy, speech therapy, home health aides and certified nursing assistants. The Public Health Department is Medicare B certified.

The nurses made 2,348 home nursing visits and 265 health supervisory home visits. Residents made 352 office visits for treatment and 231 for consultations. We would like to remind residents that the Public Health Department has a free durable medical equipment loan closet; this closet is funded by the Health Council. Articles include wheelchairs, walkers, commodes, toilet risers, crutches, and canes.

Seven Medical Officer Complaints were filed and responded to by the Public Health Administrator. During the past two years there has been a major restructuring by the State of Maine Legislature in the field of Public Health. One of the legislations enacted was to require that each of Maine's cities or town's Health Officer complete a four hour course on the basic duties of the Health Officer. All Health Officers were to be certified by July 1. Since all Health Officer complaints are directed to and investigated by me as your Public Health Administrator, I have completed the State's requirements. Kennebunkport is in compliance with this new policy.

The Public Health Administrator administers the General Assistance Program, as well as the social service programs for Kennebunkport residents and guests. The status of this function can be found in the General Assistance report.

Our annual Flu and Pneumonia Clinic was held in October. We administered 320 doses of Flu vaccine and 20 doses of Pneumonia vaccine. This has been the year of the H1N1 vaccine. As you know, the CDC initially placed restrictions on who should receive the vaccine first. In January, the Kennebunkport Public Health finally received 200 doses to administer to the general population. As your Public Health Administrator, I assisted with the vaccine administration at two RSU 21 District H1N1 clinics. The Public Health Department continues to be responsible for the Hepatitis B

administration and TB testing programs for town employees, volunteer Fire and KEMS.

A free hearing clinic was conducted by Marti Andrews, M.A., C.C.C.A. February 5 was our kick off promotion for a stronger healthier Kennebunkport. Four hundred and fifty pamphlets focusing on Heart Disease—the number one cause of death for women—were distributed to Kennebunkport businesses and organizations. The Public Health Department will be working with KEMS to offer programs that can help us make this the decade of change.

The Shelter Alliance Program continues to be a very successful project. Funds from recycled phones are donated to Caring Unlimited, Sanford Maine. Please bring your used wireless phones to the Health Office.

Residents are reminded not to discard unused prescription and over-the-counter medications in your household trash or sewer/septic systems. Please bring them to the Public Health Department for proper disposal. Disposing medications in your septic or sewer system can adversely affect the systems efficiency as well as influence the status of our watersheds. Those who are using sharps such as syringes to treat Diabetes, please bring them to our office for disposal in our Hazardous Wastes container to prevent accidental needle sticks by family members, trash handlers and pets.

Atria Assisted Living in Kennebunk graciously provides a monthly brunch (the first Monday of the month) for our Senior Meal Site participants. Due to limited seating, residents are encouraged to contact the nursing office for reservations. Kennebunkport Health Council members continue to sponsor this program. The Senior Meal Site Christmas lunch was held at the Nonantum. We want to extend an extra thank you to the staff of both the Atria and Nonantum for all that you do to help make this program special for our seniors.

The Kennebunkport Public Health Department continues to manage the Healthy Maine Beach Program. We post an advisory when the enterococci level is over 104 colonies of bacteria. The summer of 2009 was quiet at both of our beaches. Only four advisories were posted: three at Goose Rocks Beach and one at Colony Beach. June 24 was our 2009 record-setting day with bacteria counts over the guideline set by the EPA at all of the sites listed below:

<b>Location</b>	<b>Bacteria Colony Count</b>
Colony Beach	121
Little River	798
Public Access Broadway	1,256
Access from 177 Kings Highway	1,483
Batson/ Smith Rivers	555

The summer of 2009 dedicated water sampling testing team consisted of Raven Dufoe, Linda Hanna, Bill Henig, Lee Mc Curdy and Judy Barrett. As your Maine Healthy Beach coordinator, this has been an exciting year for me. As most of you know, the responsibilities of managing this program reach far beyond weekly bacterial sam-

pling during the summer months. This year, thanks to Kennebunkport's faithful volunteers, several projects that have been in the works were finally completed:

- The Kennebunkport Board of Selectmen endorsed the *Best Management Practices for the Application of Pesticides and Fertilizers*.
- The Kennebunkport Conservation Commission offered a program featuring experts in the field of lawn care. The focus of this program is to reduce the chemicals that are introduced from our lawns into our watershed, streams, and eventually the ocean.
- The River Committee had the boat pump out station on the Kennebunk River up and running. All boaters are encouraged to use this facility.
- The EPA designated Kennebunkport as a no discharge zone.

Kennebunkport Marina's management and staff are to be congratulated for becoming our first marina to earn the distinction of being designated as a Clean Marina by the Maine Clean Boatyards and Marinas Program. The purpose of this program is to curb coastal pollution from storm run off, boat maintenance, fueling, waste storage and sewage. The Kennebunkport Marina scored 100% in all five areas!

The Portside Rotarians, local lobstermen and volunteers from the Conservation Commission and Trust conducted two huge beach/island clean-up days. On the fun side, the Brownie Scouts were busy stenciling storm drains in the Dock Square area. They wish to remind us that what we put in these drains goes directly to our streams, rivers and beach. This past summer, the Public Health Department distributed over 200 Healthy Maine Beach Swimming Guides and 200 Healthy Boating pamphlets. I had the honor as a guest speaker at the 2009 Maine Beaches Conference, to present an overview of all that you, the residents of Kennebunkport, have and continue to do to help improve the watershed status of Kennebunkport.

The Kennebunkport Health Council invites any resident of the Town who is interested in the health and social welfare of the community to join the volunteer board. Please contact the Public Health Department for meeting dates and times.

We wish to extend our appreciation to Dr. Willard Stitzell, D.O., the members of the Kennebunkport Health Council, the Healthy Maine Beach volunteers, and to all who have assisted us in our efforts to maintain a healthy community. We also wish to thank all of our patients' families and friends who remembered our office with memorial donations.

Judith A. Barrett, R.N., B.S  
Susan Y. Jackson, R.N.

## GENERAL ASSISTANCE REPORT

### General Assistance Program

The General Assistance Program is mandated by the State of Maine legislature. All recipients are responsible for meeting their own basic needs by any means available before applying for General Assistance. All eligible recipients are required to perform workfare; a failure to do so results in an automatic disqualification of benefits for 120 days.

Twenty-nine General Assistance applications were filed during July 1, 2008, and June 30, 2009. The focus this past year has continued to be assisting residents with finding resources that meet the escalating rental, mortgage, food or heating rate increases. During the winter of 2008–2009, the Kennebunkport Emergency Fuel Program provided for 18 emergency fuel deliveries of 100 gallons. This program is funded by donations. Without your generosity, many families would be struggling to keep warm this winter. Your donations have enabled me to dedicate all funds budgeted towards the State of Maine General Assistance Program to be used for housing assistance. Affordable housing continues to be a major problem for those living in communities along the coastline of York County.

Most of the time spent covering Kennebunkport's General Assistance and social service programs is not reflected in the General Assistance application process. Completing an application and budget review is not necessary. The resident or a relative needs guidance as to where to start through the maze of options in both the private and governmental sectors.

York County is fortunate to have two free medical clinics and a new dental clinic to provide care for those without insurance:

The Biddeford Free Clinic  
189 Alfred Street  
Biddeford, Maine  
Hours: 6:00 to 9:00 p.m. (Monday and Thursday)

York County Community Action Free Clinic  
32 Patriots Lane  
Sanford, Maine  
Hours: 8:30 a.m. to 5:00 p.m. (Monday, Wednesday, Thursday, Friday)  
10:30 a.m. to 7:00 p.m. (Tuesday)

Community Dental  
Thacher Brook Business Park  
Biddeford, Maine  
Hours: 8:00 a.m. to 4:30 p.m. (Monday–Friday)  
282-1305

## **Food Distribution**

My major concern as your General Assistance Administrator is the number of families who are experiencing difficulty with providing meals for their household. Each year I am seeing a steady climb in requests for access to the local food pantries, soup kitchens and the State of Maine Food Stamp Program.

The residents of Kennebunkport are extremely fortunate to have several resources to assist them. The Church Community Food Panty was utilized 129 times this past year by Kennebunkport families. To access this program, residents must contact the Public Health Department at 967-4401, Monday–Friday. The Church Community Outreach Service also offers a fresh produce/bakery goods distribution every Friday morning, 9 a.m., at Saint Martha’s Church, Route One, Kennebunk. Kennebunkport residents have also obtained groceries at the York County Shelter and area soup kitchens.

The monthly surplus food distribution program is held on the “teen” Tuesday of the month, from 12:30–1:30 p.m., at the Dorothy Stevens Community Center, Thompson Road, West Kennebunk. This distribution is sponsored by the General Assistance Departments’ of Arundel, Kennebunk and “the Port.” All food is obtained through the Food Rescue Program out of Jagers Mills, Sanford. During the first two years of this program, over 2.5 million pounds of food was distributed to 43 York County pantries. At this time, I would like to extend a special thank you to all who donate nonperishable food at the various collection sites and to those who pick up the goods at grocery stores and bakeries, and deliver them to our county food pantries, soup kitchens and shelters. Thank you the stockers of shelves, the packers of boxes, the special needs shoppers. Thank you to the Plant-A-Row volunteers who are out in the fields gleaning fruits and vegetables and to the home gardeners and farmers who dedicate part of their harvest to feed our neighbors. Thank you to those who took time out of their busy holidays to shop, pack and deliver holiday dinners. And, last but not least, the Kennebunkport Health Council and Portside Rotary for sponsoring Stuff the Bus. On Election Day, Kennebunkport residents filled the pantry shelves and corridors.

Secret Santa provided for nine Kennebunkport children. Thirty-nine holiday dinners were delivered. There was no Salvation Army activity this past year.

Used cell phones are collected for Shelter Alliance to assist Caring Unlimited. Please leave them at our door, and we will be sure to pass them along to the appropriate agency.

## **General Assistance Administrators**

York County General Assistance Administrators continue to meet with various federal, state and private sector representatives to review methods of funding and alternative resources to meet community residents’ basic needs. General Assistance Administrators are also required to attend Department of Human Service classes to keep current with new legislation. As Kennebunkport’s General Assistance Administrator, I am also very active as the Town’s representative on the York County Extension Service Plant-a-Row Program, York County Food Rescue Program, York County

Emergency Fuel Task team, and the Southern Maine Breast and Cervical Cancer coalition.

### **Thank Yous**

A special note of thanks is extended to the Wildwood Fire Company's Ladies Auxiliary, Church on the Cape, Village Baptist Church, Secret Santa, Senior Elves, the Church Community Food Pantry, Seacoast Garden Club, American Legion Auxiliary, Eastern Star, Portside Rotary and Kennebunkport Health Council. I would also like to thank those in our community who donate their time and resources to help the less fortunate in our community.

Any resident of Kennebunkport who is in need of assistance to meet a basic need, or who has any questions concerning federal, state, or county programs is encouraged to call the Health Office at 967-4401.

Judith A. Barrett, R.N., B.S.

### **REGISTRAR OF VOTERS**

People always ask me how many registered voters we have in Kennebunkport. That is a difficult question to answer because the number changes daily. Every day people move into town, move out of town, pass away or have their 18<sup>th</sup> birthday. All of these events cause the numbers to change. So, I will try to answer the question the best way I can. As of the day I wrote this report, there are:

2,655 Registered Voters

Of those that are registered, there are:

760 Democrats  
979 Republicans  
70 Greens  
846 Unenrolled Voters

As usual, I must thank Barbara Barwise, my deputy registrar of voters. If you registered to vote, changed your address or changed your party enrollment at the polls, or you came into town hall and I wasn't there, she was the one who probably helped you. She is always there when I need her, and she puts in long hours at the polls. I could not do it without her.

If you have any questions about the election process, voting or registering to vote, please call me at 967-4243 ext. 110. Otherwise, I'll see you at the polls.

April Dufoe, Registrar of Voters

## SEWER DEPARTMENT REPORT

In 2009, the Wastewater Treatment Plant processed a total of 146,939,000 gallons of wastewater and no septic waste. The wastewater treatment process generated a total of 1,247,550 gallons of biosolids that was composted into 1,200 yards of compost.

Just for comparison, here are the numbers for the last four years:

<b>Year</b>	<b>Gallons Treated</b>	<b>Gallons of Biosolids Produced</b>	<b>Yards of Compost Produced</b>
2009	146,939,000	1,247,550	1,200
2008	140,869,000	1,529,747	1,200
2007	119,540,000	1,293,945	1,423
2006	133,713,000	1,261,042	1,391

The treatment plant has treated more wastewater this year than it ever has, and we still reduced the amount of biosolids produced while maintaining a 95 percent removal rate.

Two thousand nine was a good year for the department; we got a lot accomplished at the treatment plant and out on the collection system. We cleaned several miles of gravity sewer pipes along with several pump station wet wells. We also cleaned the force main coming from the main pump station at Goose Rocks Beach, which is 2.3 miles long. The wet well covers at Green Street and Chicks Creek pump stations were also replaced.

There has been an ongoing problem with cooking grease collecting in the collection system, so we inspected all of the restaurants that are connected to the collection system for grease traps. We checked to find out if they had a grease trap, and if so, whether it met the requirements of the Sewer Use Ordinance. If they had a trap, we wanted to know who cleans it, how often it gets cleaned, and how much grease they get out of it. The restaurants that did not meet the requirements of the ordinance were put on notice to comply with the ordinance before they open this year.

The department is now using the old highway garage on Beachwood Avenue for equipment storage and to house our portable generators. Now that we have use of the garage, we decided to make some cosmetic repairs to the building. We installed a new steel roof with new trim and applied a fresh coat of paint to the building. We also trimmed the trees and brush around the building and cleaned up the yard. These changes have significantly improved the appearance of the old highway garage.

We completed the design and specifications for the upgrade to the treatment plant. The upgrading will consist of fixing the wet well and force main from the influent pumps. The new force main will go to a new head works building where the new influent screens will be installed. We are also upgrading the aeration tanks to allow us to have better control of the treatment process. We will remove the old compost building and install a new larger building in its place. The larger building will allow

us to do all of the compost within the building. Currently, we have to build compost piles outside. We designed the upgrade to be as environmentally friendly as possible and applied for funding under the American Recovery and Reinvestment Act of 2009, which the federal government enacted. Unfortunately, our application was rejected.

Allan K. Moir, Sewer Superintendent

## **TOWN CLERK REPORT**

Odd years are usually pretty quiet years for elections. There are no caucuses, no primaries, no state or federal officials to be elected, and relatively low voter turnouts at the elections we hold. Well, 2009 was anything but quiet. We had an additional election in January to elect Directors to RSU #21, our newly consolidated school district with Kennebunk and Arundel. However, the biggest surprise of all was the turnout for the November election. The state referendum ballot had a record of four citizen initiatives. These are questions that people petition to place on the ballot to make new law. In addition, there was one people's petition to veto a current law. People showed up to vote like never before in an off year. Initial statewide projections for voter turnout were far surpassed, and Kennebunkport voters are always better than the state. We had a 72 percent voter turnout in November. I even ran out of state ballots and had to borrow some from Biddeford. So, needless to say, I did not have the quiet year I was expecting.

The following is a brief summary of 2009 town meetings/elections.

### **January 27, 2009 – Special Town Meeting**

This special town meeting was held to elect three Directors to our newly formed consolidated school district now called RSU #21. There were 157 votes cast either in person or by absentee ballot. Robert Domine was elected to the three-year term, Maureen King to the two-year term, and Norman Archer the one-year term.

### **May 5, 2009 – M.S.A.D. #71 District Budget Meeting**

#### **May 19, 2009 – M.S.A.D. #71 Budget Validation Referendum Election**

This was the second year we voted on the school budget in a two step process as required by the school consolidation law. The first step is to vote the various segments of the budget at a district-wide meeting of the Kennebunk, Kennebunkport, and Arundel voters. It was held at Kennebunk High School at 7:00 p.m. for the purpose of approving the 2009/2010 school budget. The total budget proposed was \$36,273,991. All of the articles were approved as written in the warrant.

The second part of the school budget process was the Budget Validation election held 14 days later. Kennebunkport, Kennebunk, and Arundel each held elections at our own town polling places to approve the budget that was adopted at the above district budget meeting. In Kennebunkport, there were 206 ballots cast either in person or by absentee ballot and when combined with the vote totals from the other two towns, the budget passed.

### **June 9, 2009 – Annual Town Meeting**

The first half of our annual town meeting is a secret ballot vote to elect our town officials and any referendum questions that the Selectmen might propose. This year, there were two Selectman seats and one KK&W Water District Trustee seat available. Allen Daggett and Stuart Barwise defeated Kristi Bryant for three-year terms to the Board of Selectmen. Jim Burrows ran unopposed for the KK&W Water District's Trustee seat and was elected to another three-year term. There were also six referendum ballot questions. All six passed regarding amendments to the False Alarm Ordinance, the Fire Code Ordinance, the Comprehensive Plan, the Land Use Ordinance concerning Shoreland Zoning and the Shellfish Conservation Ordinance. The last question asked the voters to approve the purchase of five acres of land behind Consolidated School and Parsons Field on School Street, which they did. This day saw 525 people voting either in person or by absentee ballot.

### **June 13, 2009 – Continuation of Annual Town Meeting**

On Saturday morning, at 9:00 a.m., at Consolidated School, the voters reconvened to vote on the 2009-2010 town budget. All articles were approved as written in the Warrant.

### **November 3, 2009 – Special Town Meeting**

At this election, the Town ballot had five questions. The voters easily passed amendments to the Comprehensive Plan, the Fire Code Ordinance and three amendments to the Land Use Ordinance regarding Shoreland Zoning, accessory housing and the creation of a Goat Island Light Contract Zone. One thousand nine hundred and fifty-nine people voted either in person or by absentee ballot.

### **November 3, 2009 – State Referendum Election**

The second ballot was the State ballot which had seven questions. The first question, which I suspect was the reason for the large voter turnout, was a People's Veto to repeal the law that would allow same sex couples to marry. Although Kennebunkport voted to keep the law and allow same sex marriages, statewide the law was repealed. The next four questions were Citizen Initiatives. The first three regarding reducing excise tax, repealing school consolidation and "Tabor II" all failed both in Kennebunkport and statewide. The fourth Citizen Initiative to expand the medical marijuana law passed in both Kennebunkport and statewide. Question six was a transportation bond which passed and Question seven was a constitutional amendment to extend the time town clerks and registrars of voters have to certify petitions passed in Kennebunkport but failed statewide.

I have to thank Barbara Barwise, my deputy, who is invaluable to me. She is a huge asset to me and the Town. I could not do my job without her, and hopefully she knows how much I appreciate everything she does.

I also want to thank Christian Barner, our moderator, and Barbara Rencurrel and Claire Julian who serve as wardens for our elections. They are required to put in very long hours on election days and keep the polling place compliant with all of the election laws. I thank all my ballot clerks as well. This year, Lillian Bartlett, Joan

Sutter, Raven Dufoe, Mark Dufoe, Chris Perry, Pierre Boulanger, Ki Leffler, Lisanne James, Joan Dawson, Sally McKay, Ellen Doubleday, Dave Doubleday, and Mette Eglinton all gave up their time to work at the polls to make it possible for all of us to express our opinions and vote. Most have been with me quite a while and are an invaluable resource to our town.

And now the statistics for 2009. I issued 74 marriage licenses, many hunting and fishing licenses and certified copies of vital records, 675 dog licenses, 1 kennel license, 27 liquor licenses, 15 special amusement permits, 60 victualers licenses, 20 nonresident recreational clam licenses, 100 resident recreational clam licenses, 2 nonresident commercial clam licenses, 11 resident commercial clam licenses, 95 daily clam licenses, 2 trolley permits, 2 horse-drawn carriage permits, and 3 pedicab permits. I also processed 84 passport applications, 6 new business licenses, and 16 burial permits. There were 41 recorded deaths and 17 recorded births, of which 10 were girls and 7 were boys.

Please feel free to call me any time with your questions or concerns at 967-4243 ext. 110.

April Dufoe, Town Clerk

### **BUDGET BOARD REPORT**

The Budget Board is again pleased to submit its report to the citizens of Kennebunkport. As in previous years, we continue to have an excellent rapport with the Board of Selectmen and excellent communication. Again this year, we will meet with them in joint session as the budget is presented by the Town Manager and department heads. We will listen carefully to the dialogue and reasoning, ask questions, and make notes. We will then meet in a series of meetings, as a separate Board, with the Town Manager and department heads, and review carefully every budget request that has been made. We will then make the Budget Board's recommendations.

As in previous years, the Budget Board will request that the administrative recommendations, the Board of Selectmen's recommendations, and the Budget Board's recommendations be printed in each Article and be reported in the Town Meeting Warrant.

The Budget Board feels that the process continues to be done in keeping with the democratic processes that have long been a custom and tradition of Maine and New England.

## CEMETERY COMMITTEE REPORT

*This tree fell at the Tristram Perkins Cemetery. Two lucky headstones. Others weren't so lucky.*

The Town of Kennebunkport has over 70 cemeteries. Some are quite obvious along roadsides. Many others are in fields or woods that no one ever sees. Thanks to Clarie Nickerson these have all been documented to some extent, although the present Cemetery Committee is still learning about some of them. Much to our delight, we came across another cemetery this year while cleaning the Cape Porpoise Cemetery near Turbats Creek. We discovered the cemetery as we ventured further into the undergrowth and along the creek. Neighbors were probably aware of the cemetery, but it was fun for us to discover it. Like many cemeteries in town, it was overgrown and wild, but many of the headstones were in excellent condition.

Many of the folks in town who live near or have a cemetery on their property take the responsibility of caring for it. We saw that Seth Grant Cemetery had been lovingly attended to recently. The undergrowth was cleared away and wood chips spread around. Now 11 headstones enjoy the beautiful landscaped setting. If you are caring for a cemetery, keep in mind that some headstones can be fragile. Also, what looks like random rocks could be markers for graves.

Unfortunately, several of our cemeteries sustained damage to headstones from large tree branches falling on them. Generously, one owner had the branches removed at their own expense. Please contact us if you are concerned about dead trees or limbs in your cemetery.

If you are driving down School Street, notice the beautiful new headstones in the School Street Cemetery. These headstones replaced some severely broken ones. Next year, we hope to repair the iron fence that surrounds a family plot in the same cemetery. There is not a lot of fancy fencing or headstones in town, but this fence is one of the few. We also will be installing four granite posts at the Jacob Wildes Cemetery off of Bufflehead Road. This will prevent cars and trucks turning around in the cemetery.

Many of our cemeteries contain graves of veterans, some as far back as the Revolutionary War. Thanks go to the present veterans of the American Legion who replace the American flags that you see on these graves as you pass the cemeteries.

Springtime is when we get to see what the winter storms have wrought in our cemeteries. We will plan several workdays to clean up some of the graveyards. If you are interested in joining us, just let one of us know of your interest.

Thank you to those who help maintain our cemeteries and to those who have donated their time or money toward the upkeep of our town cemeteries.

Rita Schlegel

## CONSERVATION COMMISSION REPORT

The Conservation Commission continued its efforts to educate the public about the importance of maintaining water quality in our coastal towns as well as strengthening its goal of raising awareness on energy efficiency and renewable energy.

After the Town adopted the *Best Management Practices for the Application of Turf Fertilizers and Pesticides*, we worked to educate people on this preferred, but not required, means of caring for their lawns. We designed and implemented the “Lawns for Lobsters” program as a way to quickly motivate community members to participate. The success of this program exceeded our expectations. People all around town proudly display their lawn signs and bumper stickers, showing their participation in the program. Local lawn care providers and landscapers shared the program with customers, educating its value to our coastal community. There are many new households who are now supporters of the program simply by using less chemicals and at the right times. The program has caught the eye of other communities in Maine and members of the Conservation Commission are attending conferences and meeting with other Commissions to help grow the program. To learn more about the program, please visit our webpage under the link “appointed boards” on the Town Website.

Guided by the recent skyrocketing prices of oil and the knowledge that the State of Maine is too dependent on energy sources not made here, the Conservation Commission has begun to focus more of its efforts on renewable energy and energy efficiency. This fall, we wrote a grant offered through the State based on Federal Stimulus Funds for a demonstration renewable energy project. Specifically, we requested funds for two wind turbines for our town. We are pleased to announce that our grant was awarded. The wind turbines are small in size, meant to provide some of the electricity for a home or small business. The one out at Walker Point is a similar system that the Town will be installing.

We also held a meeting with the town manager, police chief, and Naoto Inoue of Solar Market in Arundel to discuss the possibilities of implementing some electricity generating solar systems, also known as solar pv. Mr. Inoue shared with the group an

exciting new business venture where a solar system is created under the formula of a Power Purchasing Agreement. This offers a unique opportunity for the town to receive electricity for a fixed price of 10 percent below current utility rates for 25 years with an option to renew. If you would like to learn more about this, please contact Sarah Lachance.

We cosponsored a speaking event with Portside Rotary where we listened to Allison Kanoti from the Maine Forest Service. She educated the group on the threats of hemlock woolly adelgid and elongate hemlock scale. Her presentation can be found online at [www.maineforestservice.org/InvasiveThreats.htm](http://www.maineforestservice.org/InvasiveThreats.htm).

We also wrote an informational bulletin for the local cable channel letting folks know that they may qualify for free weatherization through LIHEAP. Some community members participated and are now enjoying tightly insulated homes!

As we have in the past, a few of our members worked with the Kennebunkport Conservation Trust with the Discovery Days and Trust in our Children programs. We also worked with the DMR in their phytoplankton monitoring program.

## GOVERNMENT WHARF REPORT

*Government Wharf*

Things were very quiet for the reporting year of 2009 at Government Wharf, and it was yet another challenging year for the commercial fishing industry as a whole. With record high bait prices and other daily expenses combined with very low catch prices, the lobster industry could see even tougher times ahead.

With the economy also still in its current state, funding is still an issue for the planned revitalization project of Government Wharf. At the moment, the project is on hold until funding to do the project can be obtained.

There is nothing else significant to report of Government Wharf at this time.

Thank you for your continued support of the commercial Maine fisherman.

Raymond Billings, Chair  
Jeff Davis

Ron Francoeur  
Dennis H. Goulet

## GROWTH PLANNING COMMITTEE REPORT

At the last town warrant vote in November, the Town voted to adopt the “Hazard Mitigation Plan” chapter. Since then, the Growth Planning Committee has concentrated on the concept of growth areas and growth permit regulation/direction.

We have been gathering data from existing town maps; have received wonderful assistance from the sewer department and additional information generated by “Spatial Alternatives” to plot current sewer/water lines and those properties serviced by this infrastructure. This data collection has shown those areas of town that have the greater density of these services.

These maps and charts have helped immensely to develop our latest warrant item which will appear on the June ballot as “Growth Areas.”

We continue to present warrant articles we feel are not too lengthy in their language, maintain a plan for our land that can both support growth, continue to provide the visual corridors of beauty that we call home, and reward our landowners for their stewardship and investment.

The presentation of our concepts and ideas in an educational format via televised meetings appears to have been successful due to a lack of negative public input in regard to what the new language or ideas may be. We will continue to solicit input from the public regardless of the issue even though it may be viewed as political and may indeed be serving a large contingency or perhaps only an individual observation. If the committee finds the input valuable, we will always attempt to make changes to our warrant proposals time willing.

You, the residents of Kennebunkport, our selectmen and town employees have been pivotal in our past success and likewise in our future endeavors.

I would like to thank Anita Carroll for her years of service as a committee member; her voice was always very appreciated and insightful.

Thank you.

Jamie Houtz, Chair  
Bob Almeder, Vice-Chair

John Daggett  
Charles Reid, Sr.

Dan Saunders, Secretary  
1 vacancy

## **KENNEBUNK RIVER COMMITTEE REPORT**

The Committee continues to meet monthly to review all activity relative to the Kennebunk River. The significant event of 2009 was the successful launch of the “pump-out station.” This event was formally recognized by the DEP and EPA. After a slow start for utilization, it gained momentum as the season progressed and is considered a success. We plan to continue usage and availability in 2010 coincident with the boating season.

Several requests for docks/wharfs/moorings were handled during the year in due course.

Overall, the 2009 boating season appears to have been enjoyed by all.

Priorities for 2010:

- Pursue DEP grant for new pump-out vessel
- Review and update of the existing River Ordinance
- Pursue “fishing zone” for the fishing fleet
- Develop “strategic plan” for the river to include dredging as well as overall maintenance of the river as a precious resource

The Harbormaster, Jim Nadeau, continues to provide outstanding support to the Town, Committee, and its residents.

The Committee recognizes continued support and cooperation from the three towns.

## **LIGHTING COMMITTEE REPORT**

We see our mission as preserving the night sky for residents, visitors and future generations. The old incandescent platter lights create a unique ambience to our area.

There are many projects that the Planning Board has asked our help in evaluating for compliance with our ordinance this year. It has been a quiet year with few projects coming before us for review.

The Committee started to review our ordinance as to its relevance to recent projects that we have been asked to review.

Anyone interested in our night environment in town is encouraged to join the Lighting Committee.

Please read our ordinance, available on line, and evaluate your own exterior lighting for compliance. If there are any questions, please give our committee a call for assistance.

James M. Stockman, Chair  
George Acker

Robert Fairbanks  
Gavin Falconer

Julie Gerrish  
Marie Henriksen

### **PARSONS WAY COMMITTEE REPORT**

The Parson Way Committee continues to care for Parsons Way. Our mission to maintain the vegetation persists with annual trimming, thus preserving the intent of Henry Parsons that the parcel “. . . should be kept free for its scenic effect and natural beauty and for the enjoyment of the townspeople and their guests . . . and should be kept open and clear for the unobstructed view of the ocean. . . .”

The Parsons Way Committee meets periodically as needed to discuss the annual trimming, the possible eradication or control of invasive species, and bench installation, maintenance and requests. The Committee also meets periodically with the Conservation Commission to discuss their concerns with invasive species and any new developments to deal with the containment of them, and with our town manager, Larry Mead, to discuss any public concerns or developments.

This past summer, the Parsons Way Committee collaborated with the Conservation Commission and the Kennebunkport Conservation Trust to install a memorial to honor former President George Bush and his contributions to our community. The installation is called “Anchor to Windward” and is located at Blowing Cave directly across from Walkers Point.

Louise Spang, Chair  
Richard Griffin

### **PLANNING BOARD REPORT**

The Planning Board’s agenda was active throughout 2009, with an interesting mix of applications and actions. Members of the Board were also active on the Ad Hoc Committee on Shoreland Zoning and with the Growth Planning Committee. As of this writing, the Board continues to have one vacancy, and we encourage any interested applicants to apply through the town manager’s office.

After several years of review and work by the Planning Board as well as by many town departments and State agencies, final approval of a major, 80-unit subdivision, CDMK, Olde Port Village, was granted with several conditions, in March 2009. The final plan incorporated suggestions and conditions arising from public input, Planning Board, peer engineering, and Federal, State and Town reviews. All of these resulted in several significant changes in the proposed development’s layout and infra-

structure. The approval also included some multiplexes in the Village Residential Zone part of the project application and was done under the site plan review process.

In addition to the CDMK subdivision review and approval, the applications before the Board included:

<b>PURPOSE OF APPLICATION</b>	<b>NUMBER OF CASES</b>
Residential building renovation, rebuilding, or landscaping	8
Nonresidential additions or change of use	6
Piers or ramps	5
Revision of previously approved subdivision or site plan approvals	5
Maintenance dredging (Kennebunk River)	3
Bank stabilization	1
Easement creation/driveway installation	1
Golf course improvements	1

In the second half of the year, there was an increase in applications for improvements in the Shoreland Zone/Floodplain, some presumably prompted by the impending change in FEMA's floodplain maps.

Gordon Ayer, Ken Burford, Leo Famolare, John Hathaway and Greg Reid continued their excellent contributions to the Board. We also wish to thank Lisa Harmon in the code enforcement office and Trish Saunders (minutes) for their excellent support during the year. The Board looks forward to a busy and productive 2010.

David Kling, Chair

### **RECREATION COMMITTEE REPORT**

Two thousand nine was both busy and rewarding.

Our year started off with a series of themed Saturday Night Skates at The Park at Crow Hill. Attendance was good, and the enthusiasm was energizing. The Father/Daughter dance was once again a success. Spring and fall soccer were well attended by area athletes, volunteering parents and sponsorships from our very supportive business community. Our senior trips were also very good, with never a vacant seat and often a waiting list.

We are extremely excited that we were able to bring back the Halloween Festival to Temple Street. It was truly rewarding to experience the effort and commitment of countless adult and teenage volunteers as well as experience the joy and excitement of the young ghouls and goblins.

The Committee is looking to the future and how we can continue to provide an atmosphere where both resident and visitor, young and old, can get out or come together and find active, healthy ways to enjoy community, fellowship, and fun.

The Recreation Committee would like to once again give thanks and acknowledgement to our very supportive townspeople, our wonderful volunteers and to the generous local businesses. Without the trust and support of all of you, we could not provide the programming we believe in so much, both now and future. Thank you.

Seth Kenneway, Chair  
Doug Dicey  
Sean Ferrick, Secretary

Dave Johnson  
Josephine Hunt  
Eileen Miller

Lisa Ottman  
Mike Sullivan

### **SEWER ADVISORY COMMITTEE REPORT**

This past year, the Committee had but one formal meeting with a quorum. During this meeting, the 2009 budget proposal was unanimously approved.

The group was updated on the mailing of a *Grease Trap* pamphlet with the sewer bill concerning proper usage and when required. The grease trap inspections were started in the spring of 2009. These inspections will be ongoing to ensure proper usage to prevent clogging of the sewer system lines.

The sewer department sponsored a Consolidated School fourth grade tour of the department to show how it processes the Town's waste.

The department has maintained a very favorable operation during the past year. It has an adequate supply of needed replacement parts to prevent a major breakdown. It is in the process of standardizing parts, where practical, and improving the waste handling chambers for better drainage and cleaning.

The superintendent and the chair kept in contact during the remaining part of the year. Other formal meetings were not needed.

C. Ripley Emerson, Jr., Chair

Bob Convery

Richard Johnson

Stephen Couture

Joseph Martin Mead

### **SHADE TREE COMMITTEE REPORT**

In 2009, Kennebunkport was named a Tree City USA for the 32<sup>nd</sup> consecutive year by the National Arbor Day Foundation. Our new flag, "32 years" banners for our road signs and our complimentary Nyssa Silvatica tree were all delivered by the Project Canopy staff from Augusta. We are grateful for all of their support. This year's tree was planted at the police/communications/nurses center on Main Street. We are creating quite a varied canopy there.

Our trees suffered a lot of damage during the ice storm. A lot of the removals were covered by FEMA funds. The rest of the damage was handled by the town highway department (still using that chipper that our Arborist, Bob Palmer, sold to the Town for \$1.00!) and our committee funds.

The Committee was able to cut their budget request by \$5,000 due to our savings by using the more economical Dutch Trig treatment for the elms.

Our local Arbor Day celebration was held at Consolidated School on Friday, May 22. Some of the students performed a special program they had prepared and Town Manager Larry Mead spoke. Our new bookmarks about our tree program were given to the entire student body.

Of the several trees that we planted this year, the American Red Maple that will someday replace our much loved grand maple that overhangs Dock Square is the most visible. A Red Leaf maple and fir were added to the North Street parking lot plus a chestnut was planted on School Street.

Our diligent Arborist, Bob Palmer, determined some of our elms have Dothiorella Ulmi fungus which mimics Dutch elm disease. There is no chemical treatment for the fungus so an aggressive fertilizing program will be done to strengthen the elm trees. Our town still has one of the largest numbers of old elms still standing in the State. Thanks to our arborist and Rick Griffin, our tree warden, our elms plus our canopy continue to flourish. We greatly appreciate these men.

The Brown Tail moth, Hemlock Woolly Adelgid, and the Emerald Ash Borer all were found in parts of our community this year. The two Hemlocks in our inventory were removed.

Cooperation with the Town Conservation Commission and the Land Trust has begun. In 2010, we hope to share an Earth Day program with the Conservation Commission. The Land Trust owns many parcels around the Town on which we would like to plant some new trees.

We welcomed new member, Steve Doe, to the Committee this year. He has already shown he is a valuable addition.

We again extend our thanks to Larry Mead and all of his staff for their support and commitment to our program. Our program would not be successful without the verbal and monetary support from you, the taxpayers, and we thank you all.

We look forward to installing our "33 years" banners on the roadside signs next spring and continue to promote tree pride in our community.

Joanne Gamble, Chair  
Steve Doe

Ron Hanby  
Ki Leffler

Suzanne Stohlman  
Rick Griffin, Tree Warden

## SHELLFISH CONSERVATION COMMITTEE REPORT

*A commercial digger with 50 pounds of clams.*

For the year, the Town sold 100 resident, 20 nonresident, 11 commercial (of which two were nonresident), and 95 daily, recreational shellfish licenses. We are not requesting any changes in the number of licenses, license fees, or commercial harvest amounts for the 2010 calendar year.

The year saw indefinite closures of clam flats in towns south of us due to personnel shortages at the Department of Marine Resources, but we escaped the ax because we had commercial licenses availability, and thus were viewed as having a financially productive resource. We had 22 days of flood closures and 55 days of Red Tide closures, the latter occurring during July and August, our most productive season, regrettably.

The annual survey of our flats indicated that we have an actively spawning and increasing healthy population of softshell clams and that the increase in the number of diggers has not had a negative impact upon our resources, so the future looks good.

During 2009, the Town suffered the loss of Arnold Whitehouse, who was for many years our shellfish conservation warden. We miss his advice and counsel.

## SIDEWALK COMMITTEE REPORT

Our report for the coming year shows anticipated new work as well as some work carried over from 2009.

The Committee would like, first of all, to recognize and commend our Town Manager, Larry Mead, for taking such an interest in sidewalks and especially for envisioning a comprehensive plan which will serve to connect our three communities: Dock Square, Cape Porpoise, and Goose Rocks. Thank you, Larry, for your leadership, vision, and community spirit!

On Route 9 between Consolidated School and Cape Porpoise, the sidewalk has been extended from Briarwood to Bailey Court. It will be continued from Bailey Court to reach the police station and down to eventually meet Wildes District Road. This work involves paving the shoulder and marking it with a white line.

In Cape Porpoise on Pier Road, the existing sidewalk from the Wayfarer extending down to the head of the cove narrows to a crosswalk, presenting a safety issue because of the sharp curve. This part of the sidewalk will be removed and grassed over. In its place, a new sidewalk with granite curbing will be built on the opposite side of the street, extending from the head of the cove around the curve to the driveway before the Wright Gallery, where a cross walk will be placed.

On Ocean Avenue from Union Square to Green Street, the existing sidewalk is narrow in places and in disrepair. This is a heavily traveled area especially in the summer when there are a series of craft shows on the Village Green. A new sidewalk will be constructed with curbing where needed.

In Dock Square, there are steps leading from Mountain Tops T-Shirts down to a hard top walkway that extends across the entrance to the Honor Parking area. From there, pedestrians have nowhere to go but out into the busy street. A new sidewalk will allow them to continue safely around the corner to a crosswalk which will lead to steps heading back up Union Street and perhaps a stop for an ice cream cone!

In Goose Rocks, the left side shoulder on Dyke Road heading to Kings Highway will have hardtop and a white line to make safe passage for walkers and cyclists.

On North Street across from the fire department, there will be a sidewalk from the fire department to Bishop Woods.

Thank you for your continued support as we strive to keep our beautiful town safe and convenient for everyone.

Tony Viehmann, Chair  
Joseph Bruni, Chief of Police  
Ralph Clement

John Hirst, Highway Superintendent  
Barbara Winterson

## SOLID WASTE COMMITTEE

Two thousand nine was a better year for our community in the area of waste and recycling. We generated 167.4 less tons of waste to be burned at MERC in Biddeford, which also means less tipping fees. We also increased our recycling total to 426.24 tons or 18 percent of the waste. We are still short of the goal set by the State of Maine but much better than last year's miserable 7 percent.

Saturday pick up at Goose Rocks continues each summer and does make for a tidier area during the summer home season. Two waste containers at almost each entrance to Goose Rocks Beach are still overflowing at the end of the day. Again, homeowners are putting household waste in the beach containers. Please stop! If you are not going to be here on Saturday, ask a neighbor to put your can away. Thanks to all in our town who are so dedicated to recycling. With all recyclables being mixed in the same container, it should be easy for everyone to do.

We give our continuing thanks to Oceanside Rubbish of Wells for the great job they do collecting our trash and recyclables. Good job!

A big thank you also to Joan Dawson who includes holiday trash and recycling pickup notices in her column for our town in the *York County Coast Star*.

Ki Leffler, Chair

Rip Emerson

## ZONING BOARD OF APPEALS REPORT

The Zoning Board of Appeals (ZBA) is made up of seven town residents who consider four types of applications:

- Variance (Involves lot size, lot coverage, or setbacks.)
- Administrative Appeal (The ZBA can overturn a decision from the Code Enforcement Office.)
- Home Occupation (The ZBA can grant approval for a resident to conduct a home business.)
- Conditional Use.

The ZBA's decisions are based upon the Land Use Ordinance (LUO). Each case has its own set of facts, and the ZBA addresses those facts as they relate to the LUO. There were relatively few applications presented to the ZBA in 2009.

The ZBA meets as needed on the second and fourth Monday at the Village Fire Station.

Chris Perry

Janet DesChenes

Thomas Shore, Jr.

## ARUNDEL CEMETERY CORPORATION REPORT

Two thousand nine was another active year for the Arundel Cemetery.

The clerk recorded deeds for seven new lot sales. There were 33 burials, 16 of which were full burials and 17 were cremations. This amount makes cremations 51 percent of the total burials. This is the first year in the last six that this percentage has dropped. There was a steady increase from 2004 at 33 percent to 65 percent in 2008. The national trend seems higher this year.

Care of the grounds remains a high priority for the Board. Every spring and fall the Board spends time at the cemetery removing decorations from the past season and doing a general inspection of the site. We always welcome volunteers to help at this time.

Stan Fifield, our superintendent, reported that due to the weather last summer, he was unable to complete some of the repair projects that he anticipated. This year, he hopes to level some of the roadways and rebuild several of the roads.

We are pleased that Linda Littell has resumed her duties as clerk of the corporation. As always, Linda is a fountain of information about the cemetery. She may be reached at 967-6114.

As in the past, we wish to thank the Town of Kennebunkport for its continued support in our efforts to care for the graves of our veterans. On Memorial Day, it is always a thought-provoking sight to see the flags on each veteran's grave.

## **KENNEBUNK, KENNEBUNKPORT AND WELLS WATER DISTRICT REPORT**

The Kennebunk, Kennebunkport and Wells Water District is a quasi-municipal public water utility that was established in 1921 by an act of the Maine State Legislature. The District serves an area that encompasses the Towns of Kennebunk, Kennebunkport, Wells, Ogunquit, Arundel and small portions of Biddeford and York. The area includes a population which varies seasonally from about 30,000 to over 100,000. It is directed by a four-member Board of Trustees, one each elected from the Towns of Kennebunk, Kennebunkport, Wells and Ogunquit.

For the Water District, 2009 was a unique and challenging year, marked primarily by a significant drop in water demand caused by the ongoing national economic downturn combined with a very rainy summer season. The District also saw the resolution of some longstanding litigation and the gradual winding down of the controversial debate that began in 2008 relating to the sale of excess spring water for resale as bottled water. In spite of the economic downturn, the District experienced some growth (74 new accounts), resulting in a customer growth rate of about 0.6 percent, as compared with the typical 1½ to 2 percent growth rate of the past 12 years.

The District is continually evaluating itself; looking for opportunities to improve service and to reduce costs. Through attrition, job-sharing and cross-training between departments, an additional full-time position was eliminated, saving over \$60,000 in wages and benefits. As a short-term method of reducing operating costs, several large water main projects (with high material costs) were postponed and replaced by a series of smaller diameter, lower cost, seasonal main replacement projects.

Due primarily to the poor economy and a relatively wet summer, the total annual water production of 881 million gallons was 11 percent less than that of 2008. The District's recently (2007) developed groundwater sources were once again instrumental in helping the District meet water demands without the need for purchasing water from neighboring utilities, while reducing chemical costs by nearly \$85,000. For the first time ever, the District produced more drinking water from groundwater sources than from its historical surface water source, Branch Brook. Due to the many financial, operational and water quality benefits relating to the use of groundwater, we are currently in the process of developing an additional local, high-quality groundwater supply in the Alewife area of West Kennebunk.

As part of the conclusion of a regulatory proceeding relating to ongoing litigation with a local developer, the District implemented its first revenue-neutral rate schedule redesign on April 1, 2009. This resulted in a water rate reduction for most "small" annual customers and an increase for many seasonal customers. The rate schedule is available on our website at [www.kkw.org](http://www.kkw.org).

The District is proud to be one of only two water utilities in Maine to ever receive the SHAPE award from the Maine Department of Labor and Bureau of Labor Standards. This award, whose acronym stands for "Safety and Health Award for Public Sector

Employers,” is to recognize employers that strive to provide a “safe and healthful” workplace for its employees. The award is only given to exemplary employers after a thorough review and inspection of the employer’s Safety and Health Policies and Procedures by a Safety Works consultant.

The following is a partial list of distribution projects funded and installed by the District during 2009. These projects typically relate to our goal of optimizing water quality and improving system reliability by replacing outdated and substandard facilities with an eye toward accommodating anticipated growth.

Brown Street, Kennebunk: Replaced 2,666 feet of old 8-inch Transite (concrete) water main with an 8-inch PVC main. (Elimination of leakage prone main and done in conjunction with a town road rebuilding project.)

Elm Street, Kennebunk: Replaced 250 feet of old 2-inch wrought iron and galvanized water main with a 3-inch HDPE main. (Water quality and potential for leaks.)

Old Alewife Road, Kennebunk: Replaced 876 feet of old 2-inch galvanized water main with an 8-inch PVC main. (Water quality and fire suppression improvement.)

Haverhill Avenue, Kennebunkport: Replaced 640 feet of old 2-inch galvanized summer main with a 3-inch HDPE main. (Elimination of leakage prone main and water quality improvement.)

Route One, Wells: Replaced 1,450 feet of old 10-inch cast iron main with a 20-inch ductile iron main—second phase of a two phase 3,100 foot project. (Fire suppression, transmission and water quality improvement.)

Bourne Avenue, Wells: Replaced 395 feet of seasonal 10-inch main with a 12-inch HDPE main. (In conjunction with MDOT bridge replacement project.)

Dixon Run Road, Ogunquit: Replaced 800 feet of old 2-inch galvanized summer main with a 3-inch HDPE main. (Elimination of leakage prone main and water quality improvement.)

Cedar Lane, Ogunquit: Replaced 1,100 feet of old 2-inch galvanized summer main with a 3-inch HDPE main. (Elimination of leakage prone main, pressure and water quality improvement.)

Chestnut Road and Birch Drive, Ogunquit: Replaced 1,563 feet of old 2-inch galvanized summer main with a 3-inch HDPE main. (Elimination of leakage prone main, pressure and water quality improvement.)

In addition to the above projects, individuals and developers funded numerous water main extensions totaling over 2,000 feet in length.

Drinking water quality remains a top priority. We are pleased to report that in addition to making aesthetic water quality improvements with our unique blending of

groundwater and surface water, all State and Federal water quality standards were met during 2009. By maintaining a well-trained staff and continually upgrading our process equipment and control systems, we continually strive to assure the highest degree of reliability in the quality of drinking water for our customers.

The Trustees of the District appreciate the continuing effort and dedication of their employees, as well as the support and cooperation of their customers, area contractors and State and local municipal officials.

James E. Burrows, President	Normand R. Labbe, Superintendent

Robert A. Emmons, Trustee	

### **KENNEBUNKPORT CONSERVATION TRUST**

Most of us greeted 2009 with a high level of uncertainty. Our economy had been shaken and no one really knew how long the recovery would take or what each of our personal losses would be. World events made us uneasy and a difficult heating season reminded us all of how quickly those events could affect us here at home. What we could take comfort and pleasure in, both then and now, were the simple things, those that we get to witness and enjoy every day in Kennebunkport. We get to see the sun rising over vistas of magnificent beauty and setting in a display of color that makes us glad to be alive. We can take walks along quiet wooded paths or spend the day on the glimmering white sand of Goose Rocks Beach. We can picnic on the islands of Cape Porpoise, or at the Grist Mill, or at the Emmons Preserve. We can snowshoe or cross country ski along open fields, go fishing in a nearby pond or take a favorite book to a spot where only the call of the birds and the nearby river falling over moss covered rocks can be heard. We can join our friends and neighbors in a visit to Goat Island Lighthouse or work with them on a community project or event. We can see our children learning from the landscape and witness a new generation of eyes opened to the wonders that surround us. These are the best things in life, the important things. They are all around us, everlasting and free. They are the net result of a long-range vision devoted to setting aside the most important properties in our community for all to enjoy, in good times and in bad, for this generation and for all who will follow. They are the net result of this community's continued support of the Kennebunkport Conservation Trust. The challenges that faced us at the first of the year were great, but the response of our membership was greater. Uncertainties turned to confidence, and then delight as the year grew to be our most successful ever.

Land acquisition is always the first priority of the KCT. Early in the year we received the magnificent donation of the beautiful home and land of Charles and Susan Leahy, overlooking fields to the ocean on the Mills Road. The Leahy's will retain lifetime tenancy and will pay all expenses during those years, after which the buildings will be used as a center for lifelong learning. An easement protects the view shed, one of the prettiest anywhere. In the years to come, programs will be developed to benefit the people of the Kennebunks, tying them to nature, the local environment and commu-

nity. A separate extraordinary gift has bought a \$1 million life insurance policy on the couple with the Trust as the beneficiary, guaranteeing that the properties will be endowed and well maintained by the Trust. For these gifts, we are extremely grateful and excited by the many possibilities they create.

Our promise to the citizens when we accepted ownership of the Town forest lots was that we would do our best to enhance and improve the properties. That process started with the purchase of the Steele lands and continued this year with the purchase of three separate parcels totaling 131 acres with a combined price of \$190,000. Collectively, they serve to unite our holdings and provide for a much improved trail system.

Finally, toward the end of the year, we were delighted to receive a lovely Sand Point shore lot. It was the generous gift of William and Catherine Nixon and will serve to protect the beauty that is loved by all at Goose Rocks Beach.

Liener Temerlin also assisted the Trust at Sand Point by securing the shoreline of one of our other waterfront holdings. On the River Green a new section of lawn was created, trees damaged by winter storms were attended to, benches were repaired, and new granite curbing installed by the Town solved a serious erosion problem while making the property even more attractive. The Kennebunk High School Interact Club helped to clean up downed trees at Tyler Brook and work continued on the trails there. Bill Case, Bud Danis, Chris Smith and Brandon Gillard put in countless back breaking hours expanding the trails in the Town forest. At the Emmons Preserve, Bill and Bud did a great job on stonework in the field in addition to numerous other projects. A new stone bench was installed by the Rundquist family in honor of loved ones. Improvements were made to all buildings and the grounds, and the Trust headquarters was used to support a wide variety of causes. The local Daisy Scouts and Cub Scouts hold their meetings at the building. A ride on behalf of a cure for autism, a Miles for Max fundraising ride, the Graves Memorial Library, Equest, York County Audubon Society, the local Rotary clubs and many more groups made use of the facility to help their own worthwhile causes. Family gatherings and rentals helped to keep the building revenue neutral.

The Seacoast Garden Club purchased native plants, created a garden spot and did the planting to beautify the Grist Mill property. Dave James continued to mow the lawn and keep it looking great. Permits were obtained to install a float for canoe and kayak access to the river and to run utilities to the Clem Clark boathouse. Richard Beckwith was hired to be the project manager of the Grist Mill to explore the sites future potential and possibilities including more beautiful grounds and the potential of rebuilding the Grist Mill building for a Kennebunk River Learning Center to be tied into our Trust in our Children program.

New floats were installed on Goat Island which made the island easier to access. Once again, Scott and Karen Dombrowski, with the assistance of many volunteers, continued to oversee the island, devoting countless hours to making sure that it remains both safe, historic and a source of community pride. Kennebunkport's first contract zone was approved by voters to allow for the future historic reconstruction of the

lighthouse and adjacent outbuildings. Seventy-two percent of the Town's registered 2,729 voters went to the polls and 1,636 said yes, while 267 said no. Fifty-three ballots were left blank. Once again, we were grateful for the Trust's wonderful support among residents. An initial archaeological dig was started in the fall and will continue in the spring and further permitting is underway.

Under the leadership of Bob Haskell, the island stewards kept a watchful eye on the Trust's holdings in Cape Porpoise harbor, keeping them clean, safe, ecologically sound and a source of great pleasure for all who visit them. In the spring, two dozen lobstermen joined Maine Island Trail Association and Trust volunteers and were able to remove 2.67 tons of debris from the islands. Our thanks go out to all who helped with the clean up. It was both fun and obviously very successful. Early in the summer, the Brown Tail Moth made its way to Vaughn's Island, causing the cancellation of at least two weeks of camping programs. Experts were contacted to find out the best means of dealing with the problem, and the stewards took the lead in contacting neighbors on the mainland to warn and inform them. They were involved in a number of seal rescues, campsite clean ups and teaching experiences. Our thanks go out to all who are involved for their dedication and good work.

Peter Sargent stepped down from the Trust's Board of Directors and will be missed. Peter served the organization since its founding in 1973, and no one has been more dedicated to its work. We are sure that he will remain active. We welcomed to the Board Bill Dugan, Christ Angelos and Steve Kingston, and we are already benefiting from their knowledge and commitment to the cause. We continued to improve our corporate procedures by adopting a conflict of interest policy, a new acquisition policy and creating a new advisory board to assist the director. Mike Weston continued to improve our financial records, budget and long-range projections.

The Trust in Our Children program ran smoothly, to the delight of the children, their parents and teachers. Spring and fall field trips took place along with additional in class presentations by Trust volunteers. Pam Morgan and Nancy Naimey presented the "Trust in our Children" program to a Maine Environmental Educational Conference. Tom, Pam and Nancy presented it at the Maine Land Conservation Conference, the annual State Land Trust Convention. Both were received very positively. In addition to Maine towns, materials have been sent to California and to Bedford, New Hampshire, and Nancy published an article about the program in the newsletter of the New England Association of Schools and Colleges. In recognition of all that they have contributed, Pam and Nancy were voted the Trust's 2009 volunteers of the year. They represent so many others who have brought their time and talents to the program making it something that we can be very proud of.

A wide variety of events were held by the Trust during the course of the year. Twelfth Night brought over 100 people to the building to recreate an early town meeting. A Volunteer Appreciation Night was held with a performance by Viehmann the Amazing. David Mallett performed to a full and appreciative house. Dan and Sarah Beard put on a great bean supper at Atlantic Hall. Two weeks of "Discovery Days" brought children more in touch with their community. Kennebunk Savings Bank contributed

\$2,000 to pay for the appearance of the James Montgomery Blues Band at our 15th annual Phil Matthews Memorial Lobsterbake. The event turned out to be one of our best ever and included spectacular fireworks courtesy of Atlas Fireworks. We also made a commemorative poster of the past 15 years. Lynn Jourdan made a beautiful quilt for us to raffle. The Leahy reception was wonderful, a beautiful setting, a full moon rising over the fields, good wine and good company. The Flotilla of Friends to Goat Island was both very scenic and very enjoyable. About 65 people were on the island, most coming in kayaks and canoes. All had a good time. We held another successful Trust in Art auction in conjunction with the Heartwood College of Art, and Brian Prichard ran another colorful and enjoyable antique car road rally for the Trust.

There were many other success stories throughout the year. A new website was designed and instituted with help of Rob Rice, David Jourdan, Paul LaChance and others. Keith Fletcher was hired to submit grants on behalf of the Trust. He completed and submitted a bridge application with the help of Dana Morton which will connect the Emmons Preserve with our land across the Batson. Penny Lemman volunteered two days a week in the summer organizing various written materials and getting them onto the computer, an awesome task that she tackled with efficiency and good cheer.

Thanks to Brian Strack for finding it and Lois Samuels for buying it, we now have the voice trumpet of John Lord, the first Goat Island lightkeeper. His name is inscribed in the brass. It is a very exciting artifact and will be a wonderful display item for the lighthouse. Our archaeologists have found some pretty interesting items on Stage Island and are excited about it all. They peg themselves at a 7 or 8 out of 10 in terms of great finds—and there's still a lot more to come. Interact kids helped with the dig. Arnie Amoroso came up with the best find, the neck and top of a medicine bottle—circa 1640. Two more Native American artifacts were also found and donated to the Trust.

Our team of scanners continued to add old photos to our collection. Charlie Wright continued to keep our webcam focused on beautiful shots. A “Thought of the Week” kept us in touch with our membership. An Anchor to Windward fund was able to raise the necessary funds put anchor on Ocean Avenue in honor of President Bush (41) and landscape the area. Our investment team met frequently to make sure that they are doing the best job possible with our new and enlarged endowments. Tom had many meetings and other communications with Wolfe Tone, Director of the Trust for Public Lands in Maine and Peter Jones, their Director for Major Gifts. They have expressed a willingness to help us with our capital campaign, using what has been accomplished to date and expanding it with the goals of finding the funds for Timber Point and helping us to raise the balance of our expanded vision goals.

Above all, the year proved to be a great fundraising success as our financials will attest. With the help of our partners, we were able to secure \$3 million in the federal budget toward our Timber Point project. We were also able to receive \$200,000 in mitigation funds which can be used toward the purchase of Timber Point. And our capital campaign was grateful beyond all measure to receive a \$5 million donation

from the Beachwood Community Foundation. With that money, all debts were paid off and a matching fund was created for the purchase of the remaining lands on the Trust's wish list. A fund was created for work at the Grist Mill Property. An endowment for Trust in our Children was created and \$1 million was set aside as Grist Mill endowment and another million added to our general endowment. The donation was of great help in positioning the Trust towards achieving its ambitious goals of passing on to future generations the beauty and character of the Town we all love. It helps us toward guaranteeing that all that has been set aside by so many contributions and with so much local support will not be lost. It gives us all an incredible boost as we continue on with our work, goals and mission. As we have said so often in the past, much has been done, but much more remains to be accomplished, and we value more than you know the help of each and every Trust member.

During the year, memorial contributions were received in loving memory of: Dorothy Cooke Reed, Gerald K. Goodwin, Henry M. Griffin, Sue Ann Roth, Lyman P. Huff, Philip Brooks Eaton, J. P. Lavimodiere, Paul Emmons, Priscilla and Bob Flannery, Joan Danckert, Drusilla Landry, Harriet Daddona, Vicki Burnett, Raymond Nunan, Joan Brassert, Amy Baxter, Ellen Garrity, Peter Arnold, Elizabeth Esther Mulharin, and Mrs. Francis L. Murphy.

Contributions were also received in honor of: the birth of Pat and Dick Smith's first grandchild, Ruby Olsen Smith; the wedding of Bob Kember and Jenne James; Maureen and Richard Perlmutter's anniversary and birthdays; T.D. Hutchins' birthday; the Sotir family; Neil and Marylyn Warren's 50th wedding anniversary; Mr. and Mrs. Gabriel Choquette; Mike and Joanne Gustin; and Bill and Pat Dugan's Christmas.

As always, we are very grateful for the support that has been given us. It is only by all of us working together, supporting a common cause in this special place, each of us giving as we can, that such great victories have been won. That is what a community is all about. That is what we are all about, and we hope that you will continue with us as we carry on with our efforts to forever protect the beauty and character of Kennebunkport. This year more than ever, we have learned the importance of each and every member. Together, we can make a difference. Together, we can do great things!

Tom Bradbury, Executive Director

## KENNEBUNKPORT EMERGENCY MEDICAL SERVICES, INC. (KEMS)

*The original KEMS ambulance donated by the Bibber family.  
KEMS celebrated 30 years of service to Kennebunkport in 2009.*

Kennebunkport Emergency Medical Services is a private, nonprofit, volunteer agency that provides emergency medical care to the people of the Town of Kennebunkport. We also participate in mutual aid agreements with the Towns of Arundel, Biddeford, Kennebunk, and Wells. We lease space for our ambulance and offices at the Cape Porpoise Fire Station.

KEMS began in 1979 with a small group of volunteers and an old Cadillac ambulance and equipment donated to the Town by the Bibber family. Today, KEMS is an organization of over 50 people who are dedicated to providing the highest level of emergency care we can offer to our community. Our EMTs, paramedics and drivers spend thousands of hours in training and on-call time each year. The KEMS ambulance is fully equipped to deal with most every type of medical emergency and for transport at the paramedic level.

KEMS responded to 352 medical emergencies during 2009, a record volume of calls. In addition, we are pleased to have added several new volunteer members as drivers and EMTs. We are also fortunate to have several UNE student members who volunteer for KEMS while preparing for careers in the medical field. Recently, five members underwent extensive training to upgrade their EMT licenses to the Intermediate ALS Level.

Even with this increase in our ranks, KEMS is still seeking additional volunteers who wish to serve our community. If you are interested in possibly helping us, please ask any KEMS member about what we do. Call the KEMS business phone at 967-9704 and leave us a message or email: [kemsa1@roadrunner.com](mailto:kemsa1@roadrunner.com).

Most of the KEMS operating expenses are covered by our fees for service and the generous donations of the people of Kennebunkport. However, in 2010 we are again

requesting a portion of our funding from the Town to help us meet our annual operating budget. Thanks to the generosity of the residents of Kennebunkport, we are able to utilize the finest medical equipment, provide the best training opportunities for our crew, and continue the level of care everyone in our community deserves.

We continue to supplement our volunteer coverage with paid Advanced Life Support (ALS) personnel—Intermediate-level EMTs and Paramedics. ALS personnel are able to perform advanced procedures in the field including airway intubation, IV fluid replacement, and the administration of various life-saving and pain control medications. Most ALS responders are full-time EMS professionals who normally work for larger and much busier services such as Biddeford, Saco, Old Orchard Beach, and Life Flight. We are fortunate to have been able to employ a group of very dedicated professionals who share our commitment to the care of our residents.

I would like to thank Anne Laflamme for her service as chief of operations for the past four years. Anne has been an EMT and KEMS volunteer for over 20 years! Thanks, Anne!

Sue Stedman resumed the position of chief of operations in January 2010. Along with her, Matt Leach, (one of our paramedics), assumed the job of KEMS administrator to help with the day to day administrative duties of KEMS. The new administration of KEMS continues on with the goal of “The highest level of patient care that we can provide to the Town of Kennebunkport!”

KEMS wishes to thank and acknowledge our volunteers who are the heart of our organization. We would also like to thank the Kennebunkport police officers, firefighters and communications dispatchers on whom we rely for assistance during our emergency calls. Kennebunkport has an outstanding public safety team that is always ready to help you! Remember to dial 9-1-1 should you ever need to call us for a medical emergency.

Susan J. Stedman, Chief of Operations

(207) 967-5668

[cplibrary@cape-porpoise.lib.me.us](mailto:cplibrary@cape-porpoise.lib.me.us)

We have a lively bunch of people who come into the library and say that they find a tremendous variety of books from which to choose; the Cape Porpoise Library is “a hidden jewel”; they never leave without a book; and they go home happy. Also, “We are so fortunate to have this library.” These are a few of the many nice comments that I have received, and I am proud.

The library enjoyed a busy and productive 2009. We welcomed longtime residents, new families who have moved into the community, summer renters, and tourists who stop by to ask for directions. Several people wandered into the library and stated that they never realized that we have a one-room complete facility offering the latest fiction and nonfiction best sellers and older books that line our shelves, a “Mostly Maine” section, a children’s and young adults section, classics, DVDs, books on CDs, and free magazines. We offer computer, fax, and copier service. If a patron is interested in a particular book, and we don’t have it, we will make every effort to obtain it. We are open to purchasing books upon request.

The Cape Porpoise Library had a very successful annual book sale on August 1. A tremendous amount of books were donated, and thanks to our volunteer helpers, filled the many tables in Atlantic Hall. It was a beautiful day and very well attended. Our ongoing book sale also piques a lot of interest. Speaking of our volunteers, they committed to a schedule of replacing me for a month while I was on vacation in the fall

with my husband. They deserve my special thanks and appreciation!

Our Saturday girl, Lucie Whitty, moved away to be closer to her daughter and grandchildren. Her replacement is Barbara Tompkins, a longtime Cape Porpoise resident. She is very capable, personable, and a great addition to the library.

We are grateful to the voters of Kennebunkport for their continued generosity and to the Board of Trustees of Atlantic Hall for their support.

Sue Perkins, Library Director

## LOUIS T. GRAVES MEMORIAL PUBLIC LIBRARY REPORT

*Chess club meets every Friday at 1:00 p.m.*

“Community” was the buzz word around the entire country this past year as we all tried to get back to our roots and various zones of comfort. At Graves Library we thought a lot about community and what we could do for you as “your” public library. We tried to satisfy our patrons and visitors with a diversity of programs and offerings. In 2009, our main goal was to be a more-than-active presence. With the downturn in the economy still on many minds for most of the year, we wanted to make sure that Graves was a place in the community where people could visit, get books, magazines, DVDs and other materials, read the newspapers, play a game of chess, sit by the fire, meet up with friends, attend a wonderful children’s program or have a front row seat at an author or artist lecture.

**For the children:** We hosted two different magic shows (Dan Viehmann and Peter Boie), the annual summer reading program (Going Green at Graves), weekly storytime, a Little Listeners program, Fancy Nancy, Meet the Scientist night (UNE Students and Professors), many craft-filled afternoons, an airplane model workshop, a valentine workshop, an outdoor treasure hunt and a whole lot more.

**For the family:** The Center for Wildlife paid us two visits. We had three Family

Read nights and Dan Viehmann performed some magic. There is always chess, checkers, the book sale, puzzles, magazines, a seat by the fire, crayons and paper to pass by a rainy summer afternoon, and air conditioning to cool off from the dog days of August.

**For the older crowd:** Tax help through the winter, 10 Pasco lectures, a weekly chess club, a trip through gothic cathedrals, a monthly book group, and a seasonal book club.

According to the Merriam Webster Collegiate Dictionary, the word community means **“The people with common interests living in a particular area.”** When I think of community, I think of a place where people are genuinely concerned about each other’s well-being. Community is the expectation that if something is needed, someone can be found who will have the proper resource or skill to lend a hand. Community is success measured by a variety of criteria. Is everyone: (1) warm, (2) fed, (3) literate, (4) safe, (5) working, (6) being educated, and (7) happy with their choices?

When I think about Graves Library as community, I believe we try to help people by being a warm, welcoming place. We try to look out for each other as we listen to your requests for help. We try to offer assistance with resume? updating and online for job searching. We try to get people interested in books and the arts. We are patient. We are nonjudgmental. We are genuinely concerned. We look out for the youth. We create a safe, inviting space where everyone is welcome.

As an “outsider” to this community 12 years ago, I was nervous about “fitting in.” I was challenged at times—but it was all good. I have to say, I never felt my community around me more than in 2009. Both of my parents passed away and left my sisters and I to become the next generation. What a sad and lonesome time when that happens even when one parent passes on. Each time I walked through the front door of Graves Library; however, **this** community opened its arms and made me feel anything but alone. I am very grateful for that presence and sense of belonging.

### **As the public Library, what is our place in the community?**

We keep everyone in mind—when we host programs and when we buy materials. Once people are inside the building, we allow them to have a voice (**a quiet voice**) but a voice to ask for what they want or need from us. We entertain differences. We invest our time to help everyone no matter how long it takes. **This** community keeps going by people giving their time (over 4,500 volunteer hours spent in 2009) and money (town funds, special events and the success of our annual fund drive). When people do not give—the community dies. I truly feel that this community will never have to think about the possibility of dying, and I am continuously in awe of the generosity that is shown in a variety of ways over and over again.

Speaking of generosity: I would like to thank:

- our community of **51** volunteers
- our community of **6** staff members
- our community of **14** trustees
- our community of **2** cleaners

and a special thanks to our community of Kennebunkport residents and the thousands of patrons that continue to give and keep us alive.

**SCHOLARSHIPS AVAILABLE FOR KENNEBUNKPORT STUDENTS**

The Olympian Club of Kennebunkport Scholarship Fund was established in 1996 with gifts from friends and members of the Olympian Club of Kennebunkport. The fund is to benefit the University of Maine at Orono; however, campuses within the University of Maine system are eligible as well. Dedicated to “all the ladies who were ever members of the club,” its purpose is to provide scholarship assistance for undergraduate students studying Nursing. A second preference shall be for students in Pre-Medical/Dental/Optomety, and a third preference shall be for students of any discipline. The minimum award is at least one-third of the tuition amount, including mandatory fees.

To qualify, recipients must be residents of Kennebunkport at the time of high school graduation and must have a financial need and a reasonable academic record. They must be of good character and show good work habits.

Interested students should contact the Office of Student Financial Aid at one of the following four locations, which have nursing programs: University of Maine, Orono, Maine 04469; University of Southern Maine, 96 Falmouth Street, PO Box 9300, Portland, Maine 04104-9300; University of Maine at Fort Kent, 25 Pleasant Street, Fort Kent, Maine 04743; University of Maine at Augusta, 46 University Drive, Augusta, Maine 04330-9410.

**Maine Regional School Unit 21**

**SUPERINTENDENT OF SCHOOLS REPORT**

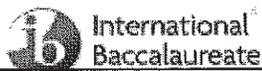

Two thousand nine has been an eventful year for the schools which serve the students of Kennebunkport, and our schools and students have enjoyed many accolades in the past year. In June, Kennebunk High School graduated its first International Baccalaureate certificate students—one of only two high schools in Maine to offer this rigorous curriculum. At the same time, nearly 90% of KHS students who enrolled in Advanced Placement courses met or exceeded standards on these demanding tests—as compared with 59% of students nationally. Just prior to the start of the 2009 school year, the Middle School of the Kennebunks received accreditation as an International Baccalaureate school—the only middle school in Maine to earn this distinguished title. Finally, in December, we received word that Kennebunkport Consolidated School had been selected by the Department of Education as one of only two Maine schools to be nominated for a prestigious, federal Blue Ribbon award. Consolidated School's selection was based on the performance of our students who, as a group, scored in the top 1% of students in Maine on a statewide assessment.

Two thousand nine brought with it many challenges as well. The formation of Regional School Unit 21, which resulted from the consolidation of the former MSAD 71 and the Arundel School Department, has caused us to reorganize and redefine how our schools operate. Over the course of the 2009-2010 school year, the District will be developing both an educational strategic plan and a facilities plan to help us address the myriad issues that require our attention. These plans will provide the foundation upon which educational decisions are made. Of course, budgetary challenges remain at the forefront of any discussion about public schools. With drastic reductions in general purpose aid (GPA) to schools from Augusta, the communities of RSU 21 will have difficult decisions to make in 2010 and beyond. It is our intent to continue the traditions of excellence that have long been a hallmark of our schools, but that will only be possible with the continued support of local residents who understand the value of an educated citizenry.

I look forward to the coming year and working with our dedicated and talented staff, as well as the many parents, volunteers, and elected officials who care so deeply for our students. The fruits of their labor are the shining stars that flourish in our classrooms each day, and I ask you to join me in applauding their efforts.

Thank you,

Andrew R. Dolloff  
Superintendent of Schools

## HOW TO IDENTIFY YOUR PLASTICS FOR RECYCLING

With the large variety of plastics available, the average consumer often has difficulty distinguishing between the types of plastic discards. To facilitate recycling, these items are coded by the manufacturers. A coding numeral can be found on the bottom of a plastic container. For easy identification of your plastic items, please refer to the following numbering system:

<b>Plastic Recycling Reference Chart</b>		
<i>The following items will be picked up curbside:</i>		
<b>Coding Number</b>	<b>Item</b>	<b>Description</b>
1	Polyethylene Terephthalate (PET)	Soda bottles, generally referred to as custom PET (peanut butter type jars, dishwashing liquids, liquor bottles).
2	HighDensity Polyethylne (HOPE)	Clear (white) containers or colored containers. The clear bottles (milk and water jugs) are also known as natural HDPE. Colored bottles will primarily consist of liquid detergent bottles, motor oil bottles, cosmetic bottles.
3	Vinyl or Polyvinyl Chloride (PVC)	Crystal clear cooking oil bottles, shampoo bottles, etc.
4	Low Density Polyethylene (LDPE)	Most LDPE will be in the form of plastic bags. Additionally, plastic lids and some squeeze bottles are made from LDPE.
5	Polypropylene (PP)	These bottles include syrup containers, ketchup bottles, yogurt containers, margarine tubs, and most bottle caps.
6	Polystyrene (PS)	Numerous molded products are made from PS.They include coffee cups, meat trays, plastic utensils, videocassette cases.
7	A catch all numbering for materials not included above.	Most often packaging in number 7 containers will consist of glues or metal-based materials.

There are also other methods which you can use to differentiate between bottles. Most mistakes are made in segregating PET from PVC bottles; however, these types of bottles can be readily distinguished by the molding scar on their bottom. PVC has a horizontal scar (often referred to as a “smile”). When a PVC bottle is bent or creased, a white mark will show at the point of the bend. PET has a circular scar (called a “bullet hole” or “nipple”).

For questions regarding recycling or trash collection service, please call Oceanside Rubbish, Inc. at 646-3230, or Nicole at the Highway Department, at 967-5728.

**RECYCLING REFERENCE CHART**  
**Items picked up curbside**

<b>Items</b>	<b><u>Recycle</u> these items</b>	<b><u>How to prepare</u> items</b>	<b><u>Exclude</u> these items</b>
<b>Glass</b>	Brown & clear glass. Bottles and jars.	Rinse clean. Remove lids. Co-mingle in bin.	No broken jars or bottles. No drinking glasses. No light bulbs. No window glass. No ceramics or china No green glass.
<b>Plastics #1-7</b>	Plastics numbered 1 through 7.	Clean containers. Flatten to save space Co-mingle in bin.	No plastic bags, even if they are identified as #2 plastic. No motor oil or hazardous waste containers.
<b>Metal and Tin Cans</b>	Tin cans Aluminum cans Empty paint cans Aerosol cans Aluminum foil and plates	Empty and clean containers. Do not put in sharp lids (unless crushed in can). Co-mingle in bin.	No food waste left in cans.
<b>Paper</b>	Mixed paper Junk mail Pressed board (cereal boxes etc.) Office paper	No need to bundle.	Do not use plastic bags to bundle paper together.
<b>Newspaper and Magazines</b>	Newspapers Catalogues Magazines Telephone books	No need to bundle together.	Do not use plastic bags to bundle paper.
<b>Corrugated Cardboard</b>	Corrugated boxes	Flatten and cut up to size no larger than 4 ft by 4 ft.	If wet outside, wait until next recycling day.
<b>Returnable Bottles and Cans</b>	Any deposit	Rinse clean. Remove lids. Co-mingle in bin.	Bottles can have any deposit label. Check <b>wine</b> bottles.

For questions regarding recycling collection service, please call Oceanside Rubbish, Inc. at 646-3230.

For questions regarding recycling collection service, please call Oceanside Rubbish, Inc. at 646-3230; or Nicole, at the Highway Department at 967-5728.

## TRASH AND RECYCLING COLLECTION SCHEDULE

In Kennebunkport, trash is picked up weekly. Recycling is picked up every other week as indicated on the calendar on the opposite page.

Trash and recycling containers may be put out no earlier than 4 p.m. the day prior to scheduled collection and should be removed within 24 hours of pick up.

**Hours of trash and recycling collection:** No earlier than 6:30 a.m. and completed no later than 6:00 p.m.

**Non-collection holidays:** Thanksgiving, Christmas, and New Year's. Alternate collection days will be advertised on the Town government Cable Channels 2/16 and the Town Website at <http://www.kennebunkportme.gov>.

### GOOSE ROCKS BEACH SUMMER TRASH AND RECYCLING COLLECTION SCHEDULE

Trash and recycling collection occurs on Fridays in the Goose Rocks Beach area in the spring, fall and winter.

In the summer, the collection schedule changes to: the Saturday, of Memorial Day weekend to the Saturday of Labor Day weekend:

#### SUMMER OF 2010 COLLECTION DAYS

Saturdays, May 29, 2010  
through  
September 4, 2010

After Labor Day weekend, the schedule returns to Friday pick up (September 10, 2010).

### SINGLE-STREAM RECYCLING

The Town of Kennebunkport uses the "single-stream" recycling process. This process means that all recycling (paper and commingled containers) can be put into one recycling bin. Oceanside then brings the combined recyclables to a facility where they are sorted on a system of conveyor belts.

Sorting the recyclables is **not** needed. Please continue to put all trash in trash bins, and all recycling in recycling bins.

If you have any questions, please contact Nicole, at the Highway Dept. at 967-5728.

## TOWN OFFICERS FOR 2009

### SELECTMEN, ASSESSORS & OVERSEERS OF THE POOR

Allen A. Daggett, Chair  
Mathew J. Lanigan, Vice-Chair  
Stuart E. Barwise
